ACTIVITIES AT DBT-BUILDER OMICS LAB

FY 2023-2024 – I Program

- Two-day **National Workshop on "Training on Genomics and Biological Databases** organized on hybrid mode with online tools held on 29th to 30th January 2024.
- Total No. of Beneficiaries - 200

FY 2024-2025 – I Program

- ONE DAY WORKSHOP **on "Bioscience Innovations and Startups for Sustainable Development"** has been organized on 22nd March 2025.
- No. of Beneficiaries-114

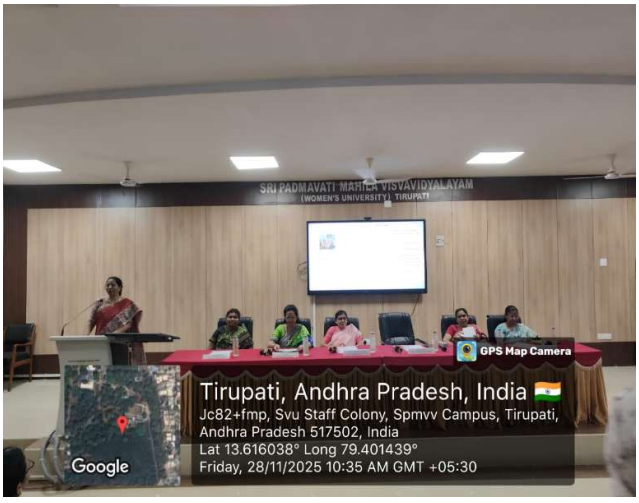

FY 2025-2026 – I Program

"A Five-day Skill based Workshop on Biological Databases and Omics tools"

Workshop On "A Five-day Skill based Workshop on Biological Databases and Omics tools" was organized on 28th November 2025 to 02nd December 2025.

- **Total No. of Beneficiaries: 168**

FY 2026-2027 – 2 Program

SERIES of Hands-On Workshops

- Organized **Hands on training on computational tools pertaining to Genomics, Proteomics and Molecular Docking** by Team-II of DBT-BUILDER Project (Level-I) for all Departments of School of Sciences on 24th March 2026-25th March 2026 (Department of Food Technology), 31st March 2026-01st April 2026 (Institute of Pharmaceutical Technology), 07th April 2026-08th April 2026 (Department of Chemistry), 16th April 2026 (Department of Sericulture).
- **Total No. of Beneficiaries:** 84

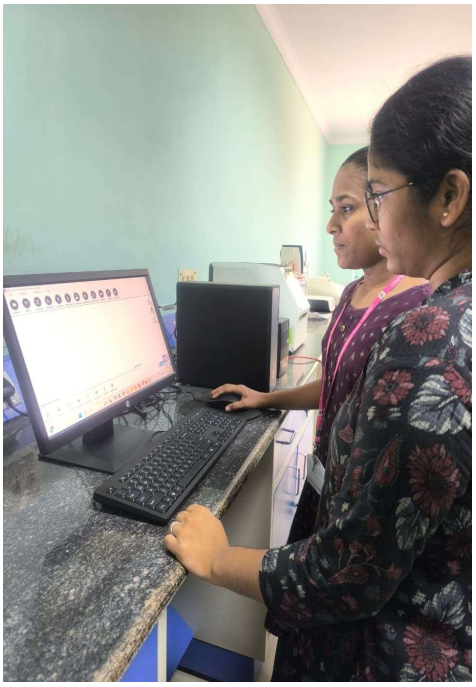

Department of Food Technology

Institute of Pharmaceutical Technology

Department of Chemistry

Department of Sericulture

The Three-Day National Symposium on "Boosting Interdisciplinary Life Science Research: Integrating Omics, Animal Models and Greenhouse Technologies "Organised by **DBT-BUILDER Project (Level-I) from 24th – 26th 2026.**

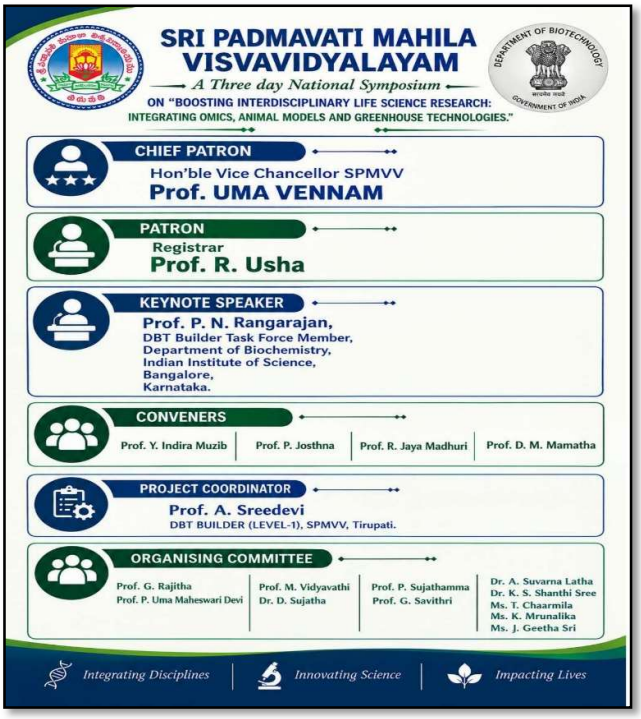

- **Total No.of Beneficiaries: 200**

BROCHURE

Three day Symposium's Souvenir release

Group photo at the conclusion

Hands-on training programme at the Animal House conducted by Team-I

Hands-on training programme at the OMICS Lab conducted by Team-II

Hands-on training programme at the Green House conducted by Team-III

Oral Presentation

Poster Presentation
