RENEWAL AUDIT REPORT

Studied for
Sri Padmavati Mahila Visvavidyalayam

Govt. State Level University
Recognized by UGC (Under the act of 1956)

Studied in the capacity of

Accredited and Certified
Green Building Professional

Website: <https://thegreenviosolutions.co.in/>

Email: greenviosolutions@gmail.com

Valid till **30 April 2024**

Disclaimer

The Audit Team has prepared this report for the **Sri Padmavati Mahila Visvavidyalayam** located at NTR Marg, Padmavathi Nagar, Tirupati – 517 502, Andhra Pradesh, India based on input data submitted by the University and analyzed by the team to the best of their abilities.

The details have been consolidated and thoroughly studied as per the various guidelines for Green Buildings available in National and International Standards; the report has been generated based on a comparative analysis of the existing facilities and the prerequisites formulated by various standards. The inputs derived are a result of the inspection and research. These will further enhance and develop a Healthy and Sustainable Institution.

These can be implemented phase-wise or as a whole depending on the decision taken by the Hon'ble Management and University. The warranty or undertaking, expressed or implied is made and no responsibility is accepted by Audit Team in this report or for any direct or consequential loss arising from any use of the information, statements, or forecasts in the report.

The audit is a thorough study based on the inspection and investigation of data collected over a while and should not be used for any legal action. This is the property of Greenvio Solutions and should not be copied or regenerated in any form.

The Report is prepared by the Team of Greenvio Solutions under their brand and department – Sustainable Academe as Consultancy firm with the Project Head - Ar. Nahida Shaikh who is an Accredited and Certified Green Building Professional. Green Building consultancy is her forte and she is one of the most sought-after names when it comes to providing excellent quality services within the stipulated time frame.

The Study is conducted incapacity of an Accredited & Certified Green Building Professional with extensive experience.

RENEWAL REPORT

1. Introduction

1.1 About the Institute

Sri Padmavati Mahila Visvavidyalayam (University for Women) was founded in the year 1983 by Sri N.T.Rama Rao, the then Chief Minister of Andhra Pradesh, with the fervent desire to train women students as better builders of the Nation and to inculcate skills of leadership in all aspects of life.

The University was established under the Sri Padmavati Mahila Visvavidyalayam Act of 1983, which has come into force on the 14 of April 1983. It was started with ten faculties and 300 students and twenty staff members. Today the University has a student population nearly 4,000 and an academic staff of 105 and 131 academic consultants.

This year the University has 59 courses at the post-graduate and undergraduate level and a good component of research. The campus has the necessary buildings to run its academic programmes and administrative machinery.

There are separate buildings for **Humanities and Sciences, University Administration, Central Library, University Auditorium, Sericulture Complex, and School of Pharmaceutical Sciences** and also an independent building for **Computer Science, Business Management and Engineering College.**

1.2 Assessment of the Institute

The University is recognized as a State University as documented below:

1.2.1 University Act

It was established under the **Andhra Pradesh Act under 16, 1983, as amended by Act No. 17 of 1985** and was thus established as The University was established under the Sri Padmavati Mahila Visvavidyalayam Act of 1983.

1.2.2 Recognitions

The courses provided are recognized by Govt. of India's **University Grant Commission (UGC) sections 2(f) and 12(b) respectively.**

1.2.3 Certification

The University has received the following Certifications.

- The University received the **ISO 9001:2015 Certification** for providing Educational Services by M/s HYM International Certifications Pvt. Ltd.
- In the **NIRF rankings**, Sri Padmavati Mahila Visvavidyalayam (SPMVV) in Tirupati retained its rank band 151-200 for University category

1.2.4 Accreditation

The following are details of the reaccreditation of the University.

| Cycle | First | Second | Third | Fourth |
|--------------|-----------|--------|-------|--------|
| CGPA | - | 2.51 | 3.11 | 3.38 |
| Grade | Four Star | B | A | A+ |
| Year | 2002 | 2010 | 2016 | 2023 |

Table 1: NAAC Accreditation details of the University

1.2.5 Approval

The details of the significant approvals are as follows:

| S. No. | Institute/ Department | Approval | Since |
|----------|--|--|-------|
| 1 | Institute of Pharmaceutical Technology | Pharmacy Council of India (P.C.I) A statutory body of government of India constituted under the Pharmacy Act, 1948, responsible for regulation of pharmacy education and practice of profession in the country for registration as a pharmacist. | 2000 |
| 2 | Department of Law | Bar Council of India (B.C.I) A statutory body established under the section 4 of Advocates Act 1961 that regulates the legal practice and legal education in India. | 2015 |
| 3 | Department of Education | National Council for Teacher Education (N.C.T.E) A statutory body in pursuance of the National Council for | 1996 |

| | | | |
|----------|------------------------------------|---|------|
| | | Teacher Education Act, 1993 | |
| 4 | B.Ed Special Education | Rehabilitation Council of India (RCI) The apex government body, set up under an Act of Parliament, to regulate training programmes and courses targeted at disabled, disadvantaged, and special education requirement communities. | 1989 |
| 5 | School of Engineering & Technology | All India Council for Technical Education (AICTE) A national-level Apex Advisory Body to conduct a survey on the facilities available for technical education and to promote development in the country in a coordinated and integrated manner. | 2009 |
| 6 | School of Nursing | The University has the approval of Andhra Pradesh Government, State Nursing Council and Indian Nursing Council, New Delhi for the G.N.M. Course offered | 2013 |

Table 2: Details of the various Approvals of the Institute

1.3 Site Area & Building Spread Area

The **total site area is 130 Acres** and the **total Built-up area of University is 8,18,750 sq. ft.**

1.4 Timeline of activities for research

As the University had undergone a renewal for the Academic year 2021-2022 and 2022-2023, data collection processes for verification purposes were asked to be submitted.

- Discussion with the University
- Allotment and Initiation by the University
- Process discussion with team
- Data submitted by University
- Submission of the files

2. Compliance

The compliance study was carried out through investigative ways. This was done to understand the **extent of suggestions and their implementations based on previous report of Academic years 2019-2020 and 2020-2021.**

2.1 Comparative analysis

The details of the suggestions are based on the **Original Report dated 14 January 2022** is further documented below. It is based on the data collection process.

| S. No. | Recommendation | Status |
|--------|------------------------------|---|
| 1. | Canteen | Canteen is working in an eco-friendly environment and disposable cutlery is partially used in the campus. |
| 2. | Dry and wet waste collection | Dry and wet waste is collected from hostels and other blocks periodically and composter is available. |

Table 3: Details of the compliance study

2.2 Innovative green building features introduced

This section documents the innovative and new features that have been implemented and in function recently.

2.2.1 Natural Farming Model

A model on natural farming is established during 25 June 2022 at Department of Biosciences and Sericulture, Sri Padmavati Mahila Visvavidyalayam, Tirupati. **The size of the natural farming model is 36 ft. 36 ft.**

Natural farming is a system where the laws of nature are applied to agricultural practices. This method works along with the normal biodiversity of each famed area, encouraging the complexity of living organisms, both plants, and animals that shape each particular ecosystem to thrive along with food and plants.

There are nearly **8 kinds of leafy vegetables** belonging to the Amaranthus family and **5**

kinds of vegetables like tomato, Brinjal, Ladies finger, Ridge guard, Bitter Guard, Corn and Broad beans have been cultivated. **The harvest is sufficient for nearly 20 members.**

Natural farming is a chemical free and more or less poison free farming method. The system discourages farmers from using any chemical fertilizers, pesticides on plants. This farming method encourages students and famers to use local breeds of seeds and native varieties of vegetables. **Natural farming methods also promote nonchemical and homemade pest control methods.**

Plate 1: Evidence of the Natural farming model

2.2.2 Urban Dense Forest

Urban dense forest has been established at Department of Biosciences and Seiculture in the month of December 2022, supported by AGS health, which is being maintained by department of Biosciences and Sericulture, Sri Padmavati Mahila Visvavidyalayam, Tirupati.

Urban dense forest was developed **using Miyawaki method which is a fascinating complex ecosystem which will be in balance with today's soil and climate conditions.** There are nearly 32 species that have been planted and the forest grows each year by a minimum of 1 meter, without chemicals or synthetic fertilizers

Urban dense forest beautifies the land and makes the environment more enjoyable for everyone around. It improves the air quality, decreases noise level and regulates the temperature. Soil is being protected from erosion and risk of flooding.

It also provides great habitat for biodiversity and stores significant amount of Carbon dioxide that no longer stay in the atmosphere.

Plate 2: Details of the urban forest area and its beautification

3. Evidences

The information shared by the Institute to support the documentations are listed below:

Plate 3: Details of the events conducted

RENEWAL

4. Inferences

4.1 Section-wise recommendations

The following suggestions are to be considered as a **first priority** for implementation. These **should be executed within the next 1.5 to 2.5 years from the date of the Report submission.** The Institute can execute a plan after discussion with Project Head.

4.1 Green Audit

- ➔ **Plant as a gift** - As a kind gesture, the guests visiting the premise can be asked to plant a small plant on the premise itself and they can be even given plants/bouquets from the flowers of the plants on the premise as a gift.
- ➔ **Environmental awareness** - There can be various artworks on the compound wall giving the message of saving the environment through the joint efforts of the students and staff thereby making the student socially and environmentally responsible citizens.
- ➔ **Documentation** – Improve and increase the documentation and visibility/ reflectance of the environment related events on the website, social media handles
- ➔ **Undertake environment study of local areas** – This aspect is w.r.t. environmental parameters and submits the same to local municipality for further up gradations.

4.2 Waste Audit

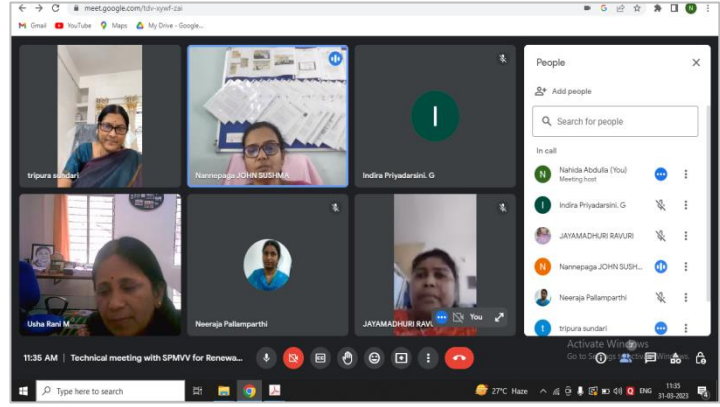

- ➔ **Dustbins at every 100m** - There should be a dustbin at every 50-100 in the open spaces
- ➔ **Material of the dustbin** - The current plastic dustbins should be replaced with eco-friendly material.
- ➔ **Include better plastic/ E-waste management measures** - The Institute can celebrate one day of every month as a 'Plastic/ E-waste awareness day' The stakeholders (Students and staff members) can be asked to bring plastic/ E-waste which can be further given to an NGO for recycling or better purpose.

4.3 Water Audit

Waterless urinals - There can be the provision of waterless urinals as a Green Building initiative in the premise, either the existing ones can be replaced with such a facility or new toilets can be constructed in this manner.

4.4 Health and Hygiene Audit

- **Courtyards and duct areas** – These are located in the internal and setback should have vertical gardens for beautification.
- **Avoid burning waste** - The waste produced on the premises should not be burned as it is dangerous to the health of students and staff
- **Signboards** – The Institute should have multiple signboards about 'No smoking' and 'Healthy premises' at every nook and corner of the Institute.
- **Compound wall** – The compound wall should have awareness messages about 'No Smoking' and 'No Tobacco'
