Student Support and Progression:

Student mentoring and support:

The institution has an independent system for students support and mentoring by the faculty. How total faculty has been divided in to six groups 14 students in each group providing them proper guidance, counseling make king good attendance, proper guidance, is to understand subjects. Evaluating their knowledge and performance through conducting weekly and monthly tests and finally we are insisting the students to be unity and discipline.

The institution has been providing to all the students those who are eligible for scholarships the free ships, insurance etc. Are getting scholarships at present SC-12,ST-2, BC-15 and EBC-9 total-38 once who submit require relevant data are papers at the time of admission.

As for as concern personal enhancement and educational programme, competitive exams, career counseling, soft skills development etc. Available the students at present

we have only started 2013. Yet to have a two more batches to complete the course the above said all the communication skills taken place i.e. NCLES, CGFNS, TOFEL and so on.

For public awareness like all education information i.e. course offered notification, equivalent qualification, and fees structures. Institute has been providing all information through web site followed by each and every daily news paper English as well as Telugu.

This is a universal and International course meant for each and individual both male and female completed with science background.

Students are participating in co-curricular activities like work shop, field work health education programmes, National, International day celebrations like TB, Leprosy, Polio, World Health Programmes, Breast feeding Week and so on.

The extracurricular activities like participating in campus, National sports and games. The institute also encourages in extracurricular activities like fund festival, Hostel festival, College day celebrations and lamp lighting ceremony.

After completion of total four years course so for the batch will be entitled with a number of 40 students we can conduct campus interview by informing to all major reputed hospital as trained by college.

obviously, this is true to enhance our student's abilities as well as our organization progress to ensure campus interview mandatory.

As off now four years has not completed so far. After two years alumni association. Contribution is required a lot for knowing their job opportunities (whether it is India / Abroad) and higher education.

The institute will be honored if it is on priorities. If it is reliable advice and accessible suggestions.

absolutely all the faculties are obeying the guidelines of anti-ragging committee & passing same rules & regulations to each and every students proportionately warning & counseling them.

To prevent sexual harassment by providing sex education. Health's education on STD's. Complication of physical and psychological problems.

Student progression:

All faculties are regularly monitoring by divided in to 5-6 groups, in each group 10-14 students per each group & monitoring through slip tests, monthly tests & sending progress report to their parents & also evaluating their marks. If they are above percentage treating them with a mark of respect. They are below average taken in to a special attention.

All the faculties in our dept maintain students cumulative record on for Co-curriculum, entre-curriculum activities we are maintain separate records treating them with good certificates based on sports ability institutions encourage to participate in state& National Level.

Student participation & Activities:

- If it is right decision & right pathway difficulty it is encouragable.
- If the students representation is effectively qualitative & quantitative on academic & administrative skills is admirable by university.
- For students in all kinds of successful programme in sports & academic skills & for their achievement institution will always be one step ahead in their progress.

Governance, Leadership & Management:

The Institute has to reach their objectives & goals , overall development is depending

On performance by students to perform in each academic aspect to achieve higher peak level. To focus on vision & as well as mission on higher education to request government a proper plan & strategies to be erected by the institution for the students.

More over the institute has take care about employees promotion & appraisal baring on their performance satisfaction progress work for both teaching & on teaching staff.

Innovative & Best Practices:

Good health is treated by good environment. It is in our hand how to take care of our self with ourselves on keeping our premises in good condition keep our institutions belongings in a healthy made. In our Department every fourth night days we are scrutinizing our self's & making internal audit for any breakage or condensed items to dispose. Based on type of items to dispose by informing to the institution on to the concern department.
