Founder of the University

**Late Dr. Nandamuri Taraka Rama Rao, Former Chief Minister of
Andhra Pradesh**

Our Motto

Gnanam Nirmochanam Sthreenam

The thoughtful designing of the university emblem provides a direction to its policies, programmes and activities. It clearly conveys the commitment that this university has for the cause of the women. Lotus represents the Abode of Goddess Sri Padmavati Devi and also the seat of Goddess Sri Lakshmi Devi, the deity of wealth and Sri Saraswathi Devi, the deity of learning. Full blown lotus symbolizes the emergence of love, wisdom and peace.

SEVEN PETALS floating on water show the “Seven Hills of Tirumala”, the abode of Lord Venkateswara.

LEAF underneath the lotus denotes the “Painting Palette” which symbolizes “Art Education”.

BOOK defines “Academic Education”.

SUN denotes Gnana (knowledge) which radiates its rays of wisdom to demolish the darkness of “Agnana”.

ENCIRCLED CRAFT DESIGN indicates “Technical Education”.

RAYS 24 in number, represent 24 hours which means “All the time”.

SWANS stand for “Purity and Perfect Judgment” as they are said to be capable of separating milk from water.

OUTER PETALS 64 in number, signify the 64 arts.

MOTTO: “Emancipation of Women Through Acquisition of Knowledge

Vision

- To be a premier centre of education, both general and professional, for women to acquire knowledge, skills and attitudes required to lead life as complete citizens and pursue careers of their choice.

By achieving the plans articulated and reaching the goals set, the university progresses from women's Empowerment to gender mainstreaming and for which the founding members aspired and strove hard.

Moving in the right direction provided by the founding members, the university has set for itself the following goals.

Goals

- To impart knowledge and skills required to acquire gainful occupation.
- To offer educational services, both general and professional to women of all age groups, in order to shape their lives and careers.
- To act as a catalyst in transforming the status of women.
- To expand the horizons of knowledge by education, research, consultancy and outreach programmes.
- To strengthen and promote organization that serves the interests of women through networking and collaborations.
- To train women in personality development and leadership qualities and make them self reliant
- To imbibe in them the human values and ethics which reflects them in all walks of their lives.

Prof. V.Durga Bhavani
Vice-Chancellor, Sri Padmavati Mahila Visvavidyalayam, Tirupati.

I feel proud to place on record through the 34th Annual Report, the tremendous progress that SPMVV has made so far. In the 34th year of its establishment, with all its vigor and zeal, the University continues to march ahead to realize its goal i.e., empowerment of women through gender mainstreaming. It gives me a great sense of satisfaction that the University has been accredited with much deserved NAAC 'A' Grade during this period for which the authorities and teachers have put in their strenuous efforts.

I am very much delighted to say that this is the only University of its kind in the state, designed and established only for women and striving for their progress. It is quite obvious that the students and their parents are attracted to the university mainly due to the reputation that the university is sustaining with the continuous efforts and commitment of the teachers for three decades. In this connection it is apt to mention about the Mentoring system, one of the best practices that SPMVV has been following to boost up the students' abilities where in each teacher will be guiding and counseling her allotted group of students in all the aspects so that they would be gaining an all-round development. The students feel that they are in the safest

zone with all the amenities. Keeping in view of the demands in the job market many changes have been made to the existing curricula by expanding the range of courses at UG and PG level. Indeed, university is at its best in contributing to Government's Vision to promote quality in Higher Education. During this period so many new Initiatives have been taken by the administration in order to train women as entrepreneurs through the use of ICT.

Internationalization, one of the most important objectives of the university, is fulfilled by establishing the International Student Desk and by enrolling international students into Ph.D program. Besides this 13 MoUs have been signed covering areas of development studies, spoken tutorials, Biotechnology, Technology and Skill development and student & Faculty exchange program. The university has entered into MoUs with four universities in the United States of America, namely, Auburn University, Alabama, Stanford University, California, University of New Orleans, International Technological University, Silicon Valley and two Universities in Egypt, Zagagig University and Cairo University. UN-APCICT (United Nations Asian and Pacific Training Centre for Information and Community Technology) identified SPMVV as Training of Trainers (TOT) Centre for Women and ICT Frontier Initiative, the only Centre in India.

With an objective of enhancing employability the university has established the centre for value added courses and is offering a number add-on courses based on the fast changing needs of the industry.

The centre offers a number of add - on courses based on the fast changing needs of the industry which will add value to the regular academic programmes with the objective of enhancing employability. Some of the courses which are offered by the centre are: Certificate courses in Soft Skills, Japanese language, Analytical Techniques, Beauty care management, Child care Management, Guidance and Counseling and Diploma in Clinical Research.

Besides this, University has started "Research and Development Cell to promote interdisciplinary research, translational research, Industry linkages and innovation culture. Efforts are being made to seek grants from various funding agencies. A number of proposals and major research projects have been submitted to DST, DBT, RUSA, NITI-AAYOG etc.

Major Research Projects have been acquired to a tune of Rs.7,64,18,990/- from funding agencies such as UGC, DST, DBT, ICSSR etc. Projects with a grant of Rs.3,65,78,890/- have been acquired during the period under report. The Department of Pharmacy, Social Work and Education continue to work on their SAP-DRS projects. The Department of Social Work too

continues its research on the DFID, UK project on “Young Lives - a Study on Childhood Poverty” with a grant of Rs. 38 lakhs.

Quite a good number of publications in the form of books and journals with a high impact factor indicate the output of the active research work carried out in various departments. It is very heartening that the faculty have published 14 books and as many as 387 papers in various National & International journals. Sixteen members of the faculty visited abroad for various academic purposes during this period. The appreciation and honors received by the staff for their research presentations at different International and National platforms has certainly raised the image of the university both nationally and internationally. It is a matter of gratification for the university that many of the members of its faculty have received awards and honors during the period under report.

The academic fervor prevalent on the University campus is amply reflected in the good number of congregations conducted during the period under report. These meetings promoted active academic interaction and exchange of ideas that paved the way for the generation of new vistas. Within the given short notice the University could organize Children's Science Congress successfully in January 2017 as a part of International Science Congress Association held by Sri Venkateswara University. In order to have active and productive interaction and collaboration with other institutions of repute, and to promote projects that are mutually beneficial, the University has been striving to take up collaborative programs with organizations both within and outside the country. During the academic year dignitaries of International and National prominence including Scientists and Researchers from the USA and Vice Chancellors from different Universities have visited the departments on different occasions and addressed the students.

Keeping pace with the current requirements, I am sure that our University holds great promise for the advancement and realization of the academic and professional aspirations of the women. Not with standing its modest accomplishments, I am aware that greater progress is expected towards comprehensive development of the University. Such an accomplishment would call for enormous commitment on the part of the administrators, staff and students of the University. I am sure that with the collective effort of all the stakeholders, the university will surge forward towards the realization of its vision.

I extend my sincere thanks to both the teaching and the non-teaching staff for their kind co-operation in bringing out this Annual Report. I appreciate the efforts of the Editorial Team for putting together this 34th Annual Report.

I am very much pleased to say that with the enthusiasm and collective spirit of the faculty and administration SPMVV could get NAAC 'A' Grade in 2016. Within the given short notice the University could organize Children's Science Congress successfully in January 2017.

OVERVIEW OF THE UNIVERSITY-AT A GLANCE

1.1 The Contour of Progress

Sri Padmavati Mahila Visvavidyalayam established in 1983 by the then Chief Minister of Andhra Pradesh Sri N.T. Rama Rao in the temple town of Tirupati and has emerged as a premier institution through significant progress in a span of 34 years. It is the only University of its kind in the State of Andhra Pradesh and the second in the country meant exclusively for women. The jurisdiction of the university extends to the entire State of Andhra Pradesh. The University grew from a stage of 300 students in 1983-84 to over 4950 students at present.

The University has 4 constituent Schools with 26 departments offering 59 courses at graduation, post-graduation and research levels. This centre of learning has designed its academic programmes to achieve excellence in academic, research and extension activities. The School of Sciences comprises the Departments of Applied Mathematics, Statistics, Applied Microbiology, Biochemistry, Biotechnology, Computer Science, Home Science, Organic Chemistry, Pharmaceutical Sciences, Physics, and Sericulture. The School of Social Sciences, Humanities and Management consists of the Departments of Business Management, Communication and Journalism, Education, English, Law, Music, Physical Education, Social Work, Telugu Studies and Women's Studies. The School of Engineering constitutes the Departments of Computer Science and Engineering, Electronics and Communication Engineering, Information Technology, Electrical and Electronics Engineering, and Mechanical Engineering. The main building blocks providing infrastructure include Humanities and Science Blocks, Mokshagundam Visvesvarayya Engineering Block, Kalpana Chawla Block, Research labs, Digital libraries and e-classrooms. The School of Nursing offering B.Sc nursing and GNM courses.

The curricula of all the courses are regularly revised and updated keeping in view the changing needs of the students. Majority of the departments have embarked on internal evaluation of the teaching and learning programs. The IQAC evolves appropriate procedures to ensure efficient, effective functioning of both academic and administrative programmes based on the periodic feedback of the stakeholders. The university is proud to have alumni spread across the globe who carry the prestige of the university with their placements in institutions of high repute and through their commitment to work in their respective organisations.

The anti-ragging cell of the university is active and it helps the freshers in quickly acclimatizing themselves to the campus. The Distance Education Centre which started in the

year 2000 is currently offering 12 programmes to enhance the qualifications of women students at their convenient time and pace. Out of these, B.Ed. and M.A. Music are very popular and the response for MBA programme is quite encouraging.

The research work is an active component of the university wherein 36 research projects funded by UGC, DFID, DBT, DST, TePP, APCOST, SBT, AICTE, and ICSSR etc., are in progress. To promote and nurture academic and research activities, the University has many supportive units and facilities such as Library, Central instrumentation facility supported by DST under Curie project, Computer Networking Centre, Instrumentation Maintenance Facility, Bioinformatics Infrastructural Facility. The Central library of the University is fully equipped with INFLIBNET facility. A Centralized Computer Centre caters to the computer requirements of the students. The campus networking facility with Wi-Fi helps the students to access internet round the clock. Collaborative programs are encouraged to strengthen the partnership between the university and industries of national and international repute. The faculty attended Orientation/Refresher courses to update their knowledge and technical skills. The staff attended several National and International Seminars/ Conferences/ Workshops and received appreciation and honours for their research presentations raising the image of the university to greater heights. Further, several of the faculty are invited as resource persons and have also chaired sessions in national and international events. The departments organized 16 National seminars/ conferences, 2 International conference and 18 workshops during the period under report. The University has also conducted RUSA sponsored capacity building workshops for the non teaching staff to hone their administrative skills.

Ever since its inception, the University has strived for innovative and outreach programs to cater to the needs of the society. The Departments of Social Work, Women's Studies, Law, Home Science, Sericulture and Education are continuously engaged in community activities. A Family Counseling Centre and a Free Legal Aid Centre are run by the departments of Social Work and Law respectively thus extending their service to the society. The NSS Bureau also conducted various community related programmes with its 12 Units supervised by 12 Programme Officers. Out of the total strength, 90% of the students have served as NSS volunteers. Through their service, students are made to realize their responsibility towards the society. One village each in the Tirupati Rural Mandal has been adopted by each unit where they conduct regular and special camps throughout the year.

In addition, the University has many important Centers of learning, training and research. These include: Centre for International Relations, Centre for Women's Studies, Centre for

Ambedkar Studies, Centre for Indira Gandhi Studies, UGC-NET Coaching Centre, Computer Centre, Soft Skills and Language Lab, Placement Cell, UGC Remedial Coaching Centre, Multipurpose Gymnasium, Day Care Centre, Canteen, IGNOU, TOCIC-PRISM. Remedial coaching is extended to socially backward and minority students of the campus. Coaching is provided for all public examinations. A Health Centre with a Medical Officer and other staff available round the clock is established along with the ambulance service for meeting any casualties. Free medical camps are conducted periodically to build health awareness among students. The Techno Entrepreneur Promotion Programme Outreach Centre was established in 2008 in association with the Department of Scientific and Industrial Research of the Ministry of Science and Technology. This novel programme basically helps to tap the innovative potential of the rural technopreneurs with supportive financial resources.

Eight residential hostel blocks established within the campus accommodate 90% of the enrolled strength of the university. Hostels are run on no profit and no loss basis. Hostel blocks are well equipped with facilities like steam cooking, geysers, and R.O. system for safe drinking water, solar lights, and telephones at block level, televisions, water coolers, visitor's hall, and a tuck shop under the aegis of Mamata cooperative super bazaar. A well equipped Indira Priyadarshini Auditorium with a capacity of 1000 serves the needs of academic conferences, cultural events and campus recruitment drives hosted by the University. The Saaveri guest house provides hospitality for the visitors and guests of the University.

With significant progress achieved, the university looks ahead to reach new heights of excellence.

1.2 Schools and Departments of the University

The academic programmes of the University are conducted by 4 Schools with 26 Departments.

1.4 Student Amenities

The University extends all possible support to the students through various services as stated below:

- Foundation Courses in Communicative skills and Computer Applications.
- A Placement Cell is established for facilitating campus interviews. Reputed firms regularly visit the campus to recruit students. Career counselling is also extended to improve the employability of the students.
- Exclusive Centres are run for remedial coaching and NET/SET coaching for weaker sections. Student clubs set up on the campus, such as literary club, green club, film club, sports club and music club help students connect to their hobbies and interests.
- Scholarships sponsored by State Government and UGC are granted.
- A Poor Girls' Fund is created and extended to poor students based on merit.
- A Day Care Centre has been established to take care of the children of staff and students during the working hours.
- Earn while learn scheme has been introduced.
- Office of the Dean of Student Affairs to cater to the needs of the students is established.
- Soft skills and Language Lab facility trains students in communicative skills.
- Internet/Intranet facilities are extended to all staff and students.
- Canteen and Recreation rooms are provided within the campus.
- Extra curricular, Literary and NSS activities are part of the regular schedule of the students.

1.5 Curriculum Development and Innovations

As a rule, the curriculum is revised once in every 3 years and more frequently if required, to meet the demands of the jobs in industry with contemporary relevance. The curriculum is improved by setting specific goals to be achieved in the subjects concerned during the revision process. In this regard, the experts follow the guidelines provided by the Curriculum Development Committee (CDC) of UGC. The process of curriculum development goes through Departmental Committee and Board of Studies of each Department consisting of teaching faculty from the department, from other Universities and professional experts from industry as well. Academic Senate consisting of experienced academicians deliberates, discusses and approves the curriculum.

1.6 Interdisciplinary Programmes

The University initiates, conducts and encourages, the different programmes and courses which are interdisciplinary in nature. The courses on Women's Studies, Social Work, Home Science, Communication & Journalism, Sericulture, Biosciences, Biotechnology and Bioinformatics are a few examples of this kind.

1.7 Examinations and Evaluation

Examinations are conducted in the Semester pattern for all the courses. Medium of instruction is English; however, while writing examinations the students may opt to write the examinations in Telugu, if feasible, by taking prior permission from the University.

5. Ms. N. Swathi wasselected and participated in the West Zone NSS Pre-Republic Day Parade Camp 2016 held at M.S University, Baroda, Gujarat from 2.11.2016 to 11.11.2016.
6. Ms. K. Anjali, M.A. Women's Studies received the State NSS Best Volunteer award for the year 2016.
7. Ms. K. Anjali received A.P. State level NSS Best Volunteer award on 24-9-2016.
8. Ms.Jeevitha, M.A. Women's Studies was selected and participated in the NationalAdventure Training Camp, 2016-17 held at ABVIM&AS, Manali (Solang (HP) from 10th to 19th November, 2016.
9. Ms.Salamma, Participated in the workshop on Double Digit Growth vision 2020, organised in connection with Krishna Pushkaralu and won third Prize on 22nd August, 2016.

Any other important information worth recording in the Annual Report:

- Conducted many Collaborative Programmes having collaborations with reputed NGOs like Prajwala, ALEAP and RASS.
- Working with Transgender Community

Any other important information worth recording in the Annual Report:

Department has a strong output in research in the form of grants, publications, awards etc. Students are well placed in research institutes abroad and nationwide, secured jobs in Universities and colleges, settled in good R&D Labs and industries. Unique in the campus with good research facilities, labs and equipment.

3.2.3 DEPARTMENT OF BIOTECHNOLOGY

Objective:

- To provide an avenue for girl students to pursue a job oriented course in the science stream after graduation or +2 level.
- To ensure proper and complete technical and industrial training for students to pursue higher studies with confidence. Since its inception, the department is striving to offer new insights through academic reforms which have made a significant impact on the community through its activities.

Name of the Teacher	Title of the Paper Presented	National/ International	Period	Venue
Prof. V.Kalarani	Presented paper entitled “Histological and Scanning Electron Microscopic studies of Testes of post-mortem preserved fish; Role of Dimethyl Acetamide (DMA)” in seminar on “Recent trends in Nanotechnology and Aquaculture Technologies”.	National	18 th & 19 th August, 2016	Dept. of Fishery Science and Aquaculture, SV University, Tirupati.

	Presented paper entitled “Effect of Cryoprotectant on antioxidant enzymes of seminal plasma in a post-mortem preserved fish” Conference on Environmental Conservation and Human Health – Challenges and Strategies (ICECH -2016) & 10 th Annual Convention	International	21 st -23 rd December, 2016	Dept. of Zoology, SV University, Tirupati
	Presented paper entitled “STUDY OF THE EFFECT OF GLOBAL WARMING ON SEX DIFFERENTIATION IN AN ORNAMENTAL FISH”. in National Conference on Cutting Edge Innovations and Future Prospects of Biotechnology (NCCIFPB).	National	27 th -28 th February, 2017	Dept. of Biotechnology, Sri Padmavati Mahila Visvavidyalayam , Tirupati
	Presented paper entitled “Effect of climate change on phenotypic sex in an ornamental fish” 104 th Indian Science Congress	National	3 rd -7 th January, 2017	– Science and Technology for Development held on at SV University, Tirupati.
Prof. R. Usha	Presented poster entitled “Detection of DNA polymorphism in Phyllanthus species using PCR based marker system” organized by A.P. Academi of Sciences in association with Dr. NTR University of Health Sciences,.	National	7 th - 9 th November, 2016	Acharya Nagarjuna University and Krishna University, Vijayawada, A.P., India
	Presented poster entitled “Anticancer properties of Artemisinin- A Potential Antimalarial Drug” in the International Conference on Environmental Conservation and Human Health- Challenges and Strategieies.	International	21 st – 23 rd December, 2016	Sri Venkateswara University, Tirupati.
	Presented poster entitled “Anti cancer activity of bitter gourd (Momordica charantia L.) on K562 cancer cell lines” in national conference organized by institute of pharmaceutical technology SPMVV Tirupati.	National	6 th - 7 th February, 2017	SPMVV, Tirupathi

	Presented paper entitled, “Identification of stress responsive cyclophilins in Soyabean (<i>Glycine max.L</i>) based on <i>in silico</i> characterization” in National Conference on Cutting Edge Innovations and Future Prospects of Biotechnology (NCCIFPB).	National	27 th - 28 th Feb, 2017	SPMVV, Tirupati.
Dr. P. Josthna	Presented paper entitled “Phytoremediation of heavy metal contaminated soils through genetic engineering” in the National consultation on the role of science and technology in National development. Entitled <i>Basella rubra</i> a natural chemopreventive agent against colon cancer: an outbreak in health care in conference series llc and the editors of the journal of occupational medicine and health affairs,ergonomics and journal of women’s health care Presented a paper inP “Effect of Adrenomedullin antagonist on cytotrophoblast in rat during early pregnancy and its role in apoptosis.” Conference on Environmental Conservation and Human Health – Challenges and Strategies (ICECH-2016) & 10 th Annual convention of ABAP	National	21 st - 22 nd March, 2017	Siddhartha institute of engineering and technology, Puttur.

Prof. R. Usha	27-02-2017 & 28-02-2017	National Conference on Cutting Edge Innovations and Future Prospects of Biotechnology (NCCIFPB)	

Orientation Courses/ Refresher Courses/Workshops etc. attended by the faculty:

Prof. V. Kalarani

- Participated in “Residential Training Programme on Internet of Things (IOT)” which was held at APHRD, Bapatla during 21st to 23rd September, 2016.
- Participated in the one day awareness programme on “Shodhganga anti Anti- Plagiarism Software (Urkund)” organized by the the INFLIBNET centre, Gandhinagar in collaboration with Sri Padmavati Mahila Visvavidyalayam (Women’s University), Tirupati, Andhra Pradesh held at SPMVV, Tirupati on 8th August, 2016.

Prof.R.Usha

- Participated in one day awareness program on "**Shodhganga and Anti-Plagiarism Software (Urkund)**" organizes by The INFLIBNET Centre, Gandhi Nagar in collaboration with SPMVV, held at Aug 8th 2016, SPMVV, Tirupati.
- Participated in workshop on "**Sensitization workshop on technological empowerment of women**" organized by The National Academy of Sciences, India (NASI), on Feb 15-16, 2017, in joint collaboration with SPMVV, Tirupati.
- Participated in Two-Day workshop on "**Science Journalism**" during 3-4, March, 2017, organized by Centre for Translational Research in collaboration with Press Club of Tirupati.
- Participated in workshop in "**Introduction to Consciousness Based Education –Theory and Practical**" from 30th Mar to 3rd Apr, 2017, organized by Centre for Translational Research, SPMVV, and Tirupati in collaboration with Maharishi Vedic University, Netherlands.

Dr.P.Josthna

- Participated in one day awareness program on "**Shodhganga and Anti-Plagiarism Software (Urkund)**" organizes by The INFLIBNET Centre, Gandhi Nagar in collaboration with SPMVV, held at Aug 8th 2016, SPMVV, Tirupati.
- Participated in workshop on **Sensitization workshop on technological empowerment of women** organized by The National Academy of Sciences, India (NASI), on Feb 15-16, 2017, in joint collaboration with SPMVV, Tirupati.
- Participated in Two-Day workshop on "**Science Journalism**" during 3-4, Mar, 2017, organized by Centre for Translational Research in collaboration with Press Club of Tirupati.
- Participated in workshop in "**Introduction to Consciousness Based Education –Theory and Practical**" from 30th Mar to 3rd Apr, 2017, organized by Centre for Translational Research, SPMVV, Tirupati in collaboration with Maharishi Vedic University, Netherlands.

Dr. B. Kishori

- Participated in one day awareness program on " **Shodhganga and Anti-Plagiarism Software (Urkund)**" organizes by The INFLIBNET Centre, Gandhi Nagar in collaboration with SPMVV, held at Aug 8th 2016, SPMVV, Tirupati.
- Participated in workshop on **Sensitization workshop on technological empowerment of women** organized by The National Academy of Sciences, India (NASI), on Feb 15-16, 2017, in joint collaboration with SPMVV, Tirupati.

Papers presented at Seminars/Conferences:

Prof. T. Sudha :

- 1.** Cognitive Technology - Technology Changes from an Enabler to an Adviser, International Conference on Innovative Applications in Engineering and Information Technology (ICIAEIT-2017), 01st& 02nd February 2017 Computer Science Department, SPMVV, Tirupati
- 2.** A Novel Technique To Predict Diabetic Disease Using Data Mining – Classification Techniques, International Conference on Innovative Applications in Engineering and Information Technology (ICIAEIT-2017), 01st& 02nd February 2017 Computer Science Department, SPMVV, Tirupati
- 3.** Performance of Arithmetic Mean Filter with different kernel sizes in removing Poisson Noise, International Conference on Innovative Applications in Engineering and Information Technology (ICIAEIT-2017), 01st& 02nd February 2017 Computer Science Department, SPMVV, Tirupati
- 4.** Effect of different types of Noise on the Quality of Images, International Conference on Innovative Applications in Engineering and Information Technology(ICIAEIT-2017), 01st& 02nd February 2017 Computer Science Department, SPMVV, Tirupati
- 5.** A Multipurpose Cognitive Agricultural Robot, International Conference on Innovative Applications in Engineering and Information Technology (ICIAEIT-2017), 01st& 02nd February 2017 Computer Science Department, SPMVV, Tirupati
- 6.** Big Data Analytics With Long Range Plan To Process Large Data Sets, International Conference on Innovative Applications in Engineering and Information Technology(ICIAEIT-2017), 01st& 02nd February 2017 Computer Science Department, SPMVV, Tirupati
- 7.** Performance Analysis of the Members of Coiflet Wavelet Family at successive levels of Image Compression using Discrete Wavelet Transform, International Conference on Innovative Applications in Engineering and Information Technology(ICIAEIT-2017), 01st& 02nd February 2017 Computer Science Department, SPMVV, Tirupati
- 8.** Multi kernel fuzzy clustering with Lion neural network for missing Data Imputation and classification, International Conference on Innovative Applications in Engineering and Information Technology(ICIAEIT-2017), 01st& 02nd February 2017Computer Science Department, SPMVV, Tirupati
- 9.** Water Quality and Sanitation With Spatial Data in Nellore rural based on Remote sensing and GIS, International Conference on Innovative Applications in Engineering and Information Technology(ICIAEIT-2017), 01st& 02nd February 2017 Computer Science Department, SPMVV, Tirupati
- 10.** Information Extraction from Online Shopping Sites using Web Content Mining Methods and Techniques, International Conference on Innovative Applications in Engineering and Information Technology(ICIAEIT-2017), 01st& 02nd February 2017 Computer Science Department, SPMVV, Tirupati
- 11.** Wavelet Transformations In Different Bands By Applying Various Noises, International Conference on Innovative Applications in Engineering and Information Technology(ICIAEIT-2017), 01st& 02nd February 2017 Computer Science Department, SPMVV, Tirupati

12. Sparsity Inspired Selection and Recognition of Iris Images, International Conference on Innovative Applications in Engineering and Information Technology(ICIAEIT-2017), 01st& 02nd February 2017 Computer Science Department, SPMVV, Tirupati
13. Review On Statistical Pattern Recognition Methods, International Conference on Innovative Applications in Engineering and Information Technology(ICIAEIT-2017), 01st& 02nd February 2017, Computer Science Department, SPMVV, Tirupati.

Prof. S. Jyothi :

1. “Squids Species Classification using Fuzzy Inference System Based on Morphometric Measurements”, IEEE third International Conference on Sensing, Signal Processing and Security (ICSSS 2017), 4th -5th May, 2017 at St.Peter’s College of Engineering and Technology, Avadi, Chennai.
2. “Deep Hyperspectral Image Classifications Algorithm for Identification of Soil Properties”, Geospatial World Forum 2017, 22nd -25th January, 2017, at Hyderabad.
3. “A lattice independent component analysis to detect Alzheimer’s disease”, International Conference on the Indian Science Congress Association, 3rd -7th January, 2017, at S. V. University, Tirupati.
4. “A Novel Edge Detection Algorithm for Fast and efficient Segmentation”, 3rd International Conference on Computer & Communication Technologies (IC3T), 5th - 6th November, 2016, at DVR & Dr. HS MIC College of Technology, Vijayawada.

Prof. M. Usha Rani:

1. “A Study on Evolution of Intelligent Transport System Using Cloud Computing”, International Conference on Innovative Applications In Engineering And Information Technology (IAEIT’17) (1 -2 Feb, 2017), SPMVV, Tirupati.
2. “SVM Based Algorithm for Deep Web Extraction and Classification”, International Conference on Innovative Applications In Engineering And Information Technology (IAEIT’17) (1 -2 Feb, 2017), SPMVV, Tirupati.
3. “Big Data management”, National Conference on Emerging Trends in Management and Technology (ETMT-2016) (2 Apr, 2016), Narayana Engineering College, Nellore.
4. “Most Competent Algorithm for Mining Frequent Items in Data Streams”, National Conference on Current Research Advances in Computer Science (CRACS2017) (17 – 18 Mar, 2017), KU, Warngal.

Prof. K. Usha Rani:

1. Classification of Cervical Cancer Data Using Artificial Neural Network, International Conference on Innovative Applications in Engineering and Information Technology (IAEIT-17), 01-02 February 2017, SPMVV, Tirupati.
2. An Optimal Neural Network Classifier for Cervical Pap Smear Data, IEEE International Advance Computing Conference (IACC-2017), 5 - 7 January 2017, VNR Vignana Jyothi Institute of Engineering and Technology, Hyderabad.
3. A Novel Fuzzy Logic based Image Segmentation of Cervical Pap smear Images, 104th Indian Science Congress Science & Technology for National Development, Jan 3rd – 7th 2017, Sri Venkateswara University, Tirupati.

	Member in Placement Office		Academic year 2016-2017	Sri Padmavathi Mahila Visvavidyalayam, Tirupati.

• **Extension Activities :**
Prof. S. Jyothi:

- Best Paper Award for the research paper “Protein Structure Comparison using Fuzzy Image Processing” from the International Journal of Computer Science Engineering and Information Technology Research (IJCEITR), Oct’ 2016.
- Inclusion of my Biography in 2000 Outstanding Intellectuals of the 21st Century~ 10th Edition, Great Britain, May 2016.
- Honoured “Rashtriya Gaurav Award” along with Certificate Of Excellence By India International Friendship Society.
- I have been considered and nominated for Top 100 Professional by International Biographical Centre, Cambridge, England, June, 2016.
- The Cambridge Certificate for outstanding Professional Achievement by International Biographical Centre on 7th October 2016, Great Britain.
- “Man Of The Year~2016”. Of Cambridge, England by International Biographical Centre 2nd September 2016, Graet Britain.
- “Best Citizens Of India Award” on International Publishing House, 25th August 2016, New Delhi.

Achievements of the Students:

- **G. Ushasri**, MCA II Year Batch (2015-2018) Participate & Performing Installation in Bangalore University (South Zone) **III Prize**, selected to National Youth Fest at Kolhapur.
- **S. Vasundhara Devi**, MCA II Year Batch (2015-2018)
 - Student Union Member in SPMVV – Joint Secretary
 - Worked as Hostel Executive Member for Manjira Block in SPMVV.
- Students attended a One day Workshop on Entrepreneurship Development (NSIC) on 10-08-2016.
- 4 - MCA students placed through on campus drives in MNCs like TCS & Wipro.
- Ms. C. Sharishma & K. Kavitha got Book Prize in 17th Convocation.

3.2.8 DEPARTMENT OF PHYSICS

Objective:

In teaching, research and industrial organizations, expensive and sophisticated state of art technology equipment is to be handled with utmost care for various investigations. This requires Physics Personnel with Solid State and electronics background, to test and maintain their R & D work and also to design and fabricate advanced products required in the market.

Revised the M.Sc Physics curriculum in accordance with the Choice Based Credit System and submitted to the University for onward Transmission to A.P. State Council for Higher Education. Thus curriculum comes into operation from the Academic year 2016-17 onwards.

3.2.7 DEPARTMENT OF ORGANIC CHEMISTRY

Objective:

The course is well balanced with strong theoretical aspects like Quantum Chemistry and computer aided analysis in addition to practical aspects of isolation, synthesis and identification of biologically active molecules and industrially important chemicals and drug moieties. The training will provide strong experimental and theoretical basis to tailor the necessary molecules suitable for pharmaceutical industry.

Courses offered : M.Sc., (Organic Chemistry)

Name of the Head or In-charge : Prof.M. Krishnaiah, Coordinator, Physical Sciences

Name of the BOS Chairperson : Prof.C.Venkata Rao, Dept. of Chemistry, S.V. University,
Tirupati.

3.3 School of Engineering and Technology

The School of Engineering and Technology of SPMVV, located on the campus of Sri Padmavati Mahila Visvavidyalayam, Tirupati, is run on Self-financing basis.

Objective:

To be a premier centre of Education, both general and professional, for women to acquire knowledge, skills and attitudes required to lead life as complete citizens and pursue careers of their choice.

Mission:

Emancipation of Women through education in engineering and technology and competence for respectable occupation in the global scenario.

4	A.Sai Suneel	Spectrum Sensing in Cognitive Radio	International Conference on Computational, Mathematical and

		Network by using Multiple Input Multiple Output Cooperative Communication.	Biological Modelling (ICCMBM-2016) held during March 25 to March 26, 2016, SPMVV, Tirupati.
5	P.Srivyshnavi	Analysis of Covariance for Multifactor Classification with Single Observation per cell Involving Several Covariates	One Day National Conference on Pure and Applied Mathematics (NCPAM-2016) organized by Dept. of Mathematics, School of Advanced Sciences, VIT University, Vellore, 12 th March, 2016
		Tools for Circular Data Analysis	One Day National Conference on Pure and Applied Mathematics (NCPAM-2016) organized by Dept. of Mathematics, School of Advanced Sciences, VIT University, Vellore, 12 th March, 2016.
		Dynamic Secure Group Sharing Framework In Cloud Computing	International Conference on Computational, Mathematical and Biological Modelling ICCMBM16, SPMVV, Tirupathi, 26 th March, 2016
6.	P.Srivyshnavi	Multiple Logistic Regression Model for Big Data Analytics	National Conference on Recent Trends in mathematics, Krishna samy college of science, Arts & Management, Cuddalore
7.	Dr. J. Reddy Pavani	Vulnerability of Widows in the Holy City Vrindavan: Indira Goswami's Novel <i>The Blue Necked God</i>	National Seminar on Language & Literature, Dept. of English, Govt. Arts & Science College for Women, Bargur. 7 October 2016.
		Women's Life - a Multi Edged Knife in Indira Goswami's Novel <i>ABlue Necked God</i>	National Seminar on Gender, Caste, Religion – Gleanings from Women's Writings, Centre for Women's Studies, Acharya Nagarjuna University, Guntur. 8-9 March 2017.
		Idris – Keeper of the Light - A Journey towards Light	International Conference on Innovations in English Language Teaching and Literary Studies, Department of English, Auxilium College, Vellore. 17 Feb 2017.
		Employing Effective Teaching Methods of English: A Focus on Rural Area Students	National Seminar on “English Language Teaching: A Blended Approach” (ELTBA-2017), Dept. of English, S.V.A. Govt. Degree &

			P.G. College (M), Srikalahasti.19 April 2017.
8.	Dr. A. Haritha	MHD flow of a Maxwell fluid over a stretching surface with Navier slip and convective boundary conditions	National trends in mathematics and its applications ,National, Dept. of Mathematics, S.V.U, Dec 22-23, 2016, Tpt.
		MHD flow of heat and mass transfer of Micropolar fluids over a stretching surface with Newtonian heating	Recent Advances in pure and Applied Mathematics ,National, Dept. of Applied Mathematics 2017, SPMVV
		Heat and mass transfer of the unsteady flow of a Maxwell fluid over a stretching surface with Navier slip and convective boundary conditions	IAEIT ,International, Dept. of Computer Science, 1-2 Feb, 2017, SPMVV
		Unsteady flow of heat transfer for micropolar fluids over vertical plate with Newtonian heating	NCSTND ,Organized by Indian science congress association tirupati chapter, Siddhartha inst, of Eng. And Tech., Puttur, March 21-22, 2017
		Heat and mass transfer of Tio ₂ – water nanofluid in a cylindrical annulus with non darcy parameter	ICETEST , S.V.U college of Engineering, Tpt, Mar 18-20, 2017
		Global warming and its effect on air quality on Cutting edge innovations and future prospects of Biotechnology	National conference 27-28 Feb, 2017, Dept. of Biotechnology, Sri Padmavati Mahila Visvavidhyalayam.
9.	Dr. P.Jeevana Lakshmi	Removal of Lead and Cadmium from contaminated soils using bio-surfactants from bacteria	National conference on Pollution Control Strategies in Chemical and Related Industries held on 10 th – 11 th March, 2017, Dept. Chemical Engineering, SVU college of Engineering, Tirupati
		Cost effective strategies in bioconversion of methane by Methanotrophs'	National consultation on the role of science and technology in National Development (NCST ND) 21 st to 22 nd -3-2017, ISCA, Tirupati chapter and Siddhartha Institute of engineering and technology, Puttur
		Discoloration of the	in Indian Science Congress, SV

		textile dye reactive blue 19 with Phanerochete chrysosporium'	University, Tirupati, 3-7th January 2017
		Methanotrophs- Role in Environmental Engineering specific to reversal of Global Warming'	International Conference on Emerging Trends in Engineering, Science and Technologies (ICETEST-17), Sri Venkateswara University College of Engineering from 18th - 20th March 2017
	Dr. Vishali	participated	104 th Indian Science Congress held at S.V.University, Tirupati from 3 rd - 7 th , January, 2017.
		"MHD Flow Of Maxwell Fluid Over a Stretching Surface With Navier Slip And Convective Boundary Conditions	National Conference on Recent Trends in Mathematics and Applications organized by Dept.of Mathematics, S.V.University, Tirupati on 22 nd - 23 rd , December, 2016.
		Awareness Program on "Shodhganga and Anti-Plagiarism Software(URKUND)	INFLIBNET centre, Gandhinagar in collaboration with Sri Padmavati Mahila Visvavidyalayam held on 8 th , August, 2016
		Influence Of Soret And Dufour Effects on MHD Casson Fluid In The Presence Of Thermal Radiation over a Stretching Surface	silver Jubilee Congress of APSMS-2016 and National Conference on Emerging Trends in Mathematical Sciences and Applications in Engineering Sciences organized by Dept.Of Mathematics, N.B.K.R Institute of Science and Technology, Nellore during 9 th -11 th , December, 2016.
10.		Heat and Mass Transfer of the Unsteady flow of a Maxwell Fluid Over a Stretching Surface with Navier and Convective Boundary Conditions	International Conference on Innovative Applications in Engineering and Information Technology, Organised by Dept.of Computer Science, Sri Padmavati Mahila Visvavidyalayam, during 1-2 nd , February, 2017.
		Unsteady Convective Diffusion in a Fluid Through a Conduit With Interphase Mass Transfer Under The Influence Of Magnetic Field" at International Conference on Computational, Mathematical and Biological Modelling	Jointly organized by the Departments of Computer Science, Applied Mathematics and Sericulture, Sri Padmavati Mahila Visvavidyalayam, Tirupati on 6 th - 7 th March, 2017.

		“Applications of Differential Equations in Engineering and Biology	Science Academies Lecture Workshop on” held at Dept.of Mathematics, S.V.University during 9 th – 11 th , March, 2017.
11.	Dr. Y.Devasena	Convective heat transfer flow of a rotating micropolar fluid past a vertical plate with the effect of magnetic field and hall currents	APSMS National, 9-11 Dec 20 16, N.B.K.R. Inst. Of science and Tech., Vidyanagar, Nellore.
		MHD flow of a Maxwell fluid over a stretching surface with Navier slip and convective boundary conditions	National trends in mathematics and its applications National, Dept. of Mathematics, S.V.U, Dec 22-23, 2016, Tpt.

CENTRES OF THE UNIVERSITY

4.1 BIOINFORMATICS INFRASTRUCTURAL FACILITY

Coordinator: Dr. P.Suvarnalatha Devi

Summary of the Progress made by the Centre from its inception:

The Bioinformatics Facility Centre is established in this University with a prime objective of creating awareness about the Bioinformatics concepts and tools among the faculty, Research Scholars and student community. The physical establishment was started initially with the procurement of sanctioned hardware, software and other infrastructure. From the day of inception, this BIF Centre is concentrating on providing the Lab facility and professional assistance to Bioinformatics projects personnel and lab facility to Post Graduate students and Research Scholars pertaining to various disciplines of life sciences like Applied Microbiology, Biotechnology, Biochemistry, Seri-biotechnology, Zoology, Botany and Food technology. Other Science and Technology departments like Pharmaceutical Sciences and Engineering and Technology courses are also major beneficial wings of the centre.

The major targeted thrust areas of the centre are viz. Protein Modeling & Computer Aided Drug Designing followed by Pharmacophore Analysis, Computational Genome and Proteome Analysis, System Approaches to Biology, Molecular Simulation, Interaction & Networking, Genetic Diversity and Molecular Phylogenetic Analysis etc.

Gradually, the centre was further strengthened with latest softwares like GCG Wisconsin Package, MATLAB, DISCOVERY STUDIO (DS). The centre developed data bases on Aggressive Weed *Parthenium* and on one of the endangered species *cycas-beddomei* endemic exclusive to Tirumala Hills.

Major research activities in Bioinformatics and its related fields at institution:

- Role of small RNAs (sRNAs) in regulation of Resistance Nodulation cell Division (RND) efflux pumps and porin expression in *Acinetobacter baumannii*.
- In silico approaches for validation of plant xanthenes and *flavonois* as anti-inflammatory lea molecules - Auto dock analysis.
- Molecular simulation studies to compare ergothionine and selenoergithionine effect on b-amyloid expression.
- Bioremediation strategies for degradation for textile effluents - Insilico and invitro approaches.
- Microbial remediation of pesticidal residues and characterization of microbial enzymes through MOE.

- Docking analysis to determine the Antiinflammatory and apoptotic properties of (conjugative linoleic acid) of probiotics i.e., Lactoabacillus lactis – Autodock veena
- Evaluating the Antiinflammatory properties of marine antimicrobial pepties-Modeller
- Alleviation of Mercury toxicity by phytoremediation
- Fermentative production of keratinases.

Area of specialization:

Microbial Technology,

Plant-Microbe Interaction

Animal Biotechnology,

Neuro toxicology,

Seri biotechnology,

Bioremediation,

Neutraceuticals and Chemo prevention.

Major achievements made during 2016-17:

- Selenoergothioneine, a potential inhibitor against Amyloid β - protein
- In silico Analysis divulges the Anti- inflammatory Activity of α -Mangostin.
- Molecular simulation studies to compare ergothionine and selenoergithionine effect on b-amyloid expression.
- Docking Studies on Xanthones of Mangosteen as C OX-2 Inhibitors

Infrastructure facilities in the Bioinformatics Centre:

Computer:

A. Computer Hardware:

1.	High End Server	1 No.
2.	Medium Server	1 No.
3.	HP DX2280 Computers with LCD Monitors	18 Nos.
4.	HP Laptop 6710B	1 No.

MATLAB, Discovery Studio (DS)

Details about Staff members working in the centre:

S.No.	Name	Designation	Specialization	Working Since	Status
1.	Ms. Subha Laxmi Nayak	Research Assistant			
2.	Srila Mondal	Studentship	Gall Bladder Cancer	2008-09	Completed
3.	K. Krishnaveni	Traineeship	Tyrosine Kinase Inhibitors	2008-09	Completed
4.	Lopamudra Palai	Traineeship	CETP Inhibitors	2008-09	Completed
5.	S. Sirisha	Traineeship	Malaria Vaccines	2009-10	Completed
6.	B. Anusha	Traineeship	Diabetes-II	2009-10	Completed

Educational activities

- Under studentship program, one candidate has completed her project on the topic “Identification of Novel Markers for Gall Bladder Cancer Using SAGE”.
- Under Traineeship Program, two candidates have completed their projects on the topics (i) “*Molecular Docking Studies on Tyrosine kinase Inhibitors in the Treatment of Chronic Myeloid Leukemia*” and (ii) “*Molecular Modelling and Docking Studies of Some Novel Inhibitors of CETP against Cardiovascular Disease*”.

Initiation of R&D activities in Bioinformatics:

- In silico Analysis for analyzing the role of Ergothioneine on B-amyloid peptide induced in Alzheimers.
- Homology modeling of laccases in the degradation of textile dyes.
- Structure Prediction of Novel Drug Molecules in Diabetes-II.
- Docking studies on Xanthones of Mangosteen as COX-2 Inhibitors.
- Computational Tools to Predict Anti-inflammatory Potential of Xanthones and Flavanoids.

Details of Training/Workshop organized and total no of user trained

One batch with one studentship and two traineeships and second batch with two traineeships completed “Six Month Training Programme”.

Impact shown by the Centre:

Due to Impact of BIF Centre, this University has introduced a Post Graduate Course in Bioinformatics.

Further, one paper on Bioinformatics with 4+2 credits introduced in the curriculum of all life sciences and B. Tech Industrial Biotechnology.

Proposed activities 2016-17

- Design of small RNAs (sRNAs) efflux pumps in regulation of Resistance Nodulation cell Division (RND).
- Insilico approaches for characterization of microbial laccases and pectinases for textile remediation.
- Antimicrobial peptides and NFkB signaling/Apoptotic pathways

4.2 DST CURIE

Convener: Prof.R. Nagaraju

Department of Science & Technology has sanctioned a grant of Rs. 3 crore and nine lakhs under Core support to women Universities towards consolidation of University Research for innovation and excellence (CURIE) for a period of three years. The grant was sanctioned under various heads like Equipment, Research infrastructural facilities, Consumables, Seminars and Conferences, Travel and Contingency etc.

As the major portion of the grant was allocated to purchase sophisticated equipment this has helped in strengthening and modernizing the research facilities for the benefit of postgraduate students, Research Scholars and faculty of various departments under School of Sciences. The equipments possessed by DST-CURIE Laboratory are also utilized for Demonstration for the Integrated M.Sc. Students. Differential Scanning Calorimeter (DSC), High Performance Liquid Chromatography (HPLC) and Fourier Transmitter Infrared spectrophotometer (FTIR) are the major equipments utilized by most of the research scholars to complete their research works. The Computer infrastructure facility present in the DST-CURIE is used by Bio-informatics students and Research scholars of various departments.

4.4 CENTRE FOR INDIRA GANDHI STUDIES

Co ordinator: Prof. B. Jeevana Jyothi

Activities from October 2016 to till date:

1. On 19-11-2016 “Indira Gandhi Birth anniversary” was observed as “National Integration Day” on 19th November was celebrated as a special program
2. Competitions mentioned below were conducted on 16th and 17th November 2016 for students of SPMVV and winners were given prizes during the program by Vice-chancellor and Registrar of SPMVV.
 - Elocution competition was organized on ‘**Unity in Diversity**’
 - Quiz competition
 - Competition on Singing of patriotic songs
3. Special lecture was arranged on 19-11-2016 “**Achievements of Indira Gandhi as a Leader of our Nation**”. The lecture by Prof.B.V.Muralidhar, HOD, Dept. of political science, SVU **enlightened achievements of Indira Gandhi as the first women Prime Minister of our Nation** and enlightened the theme National integrity on religion, region, race etc.

4.5 CENTER FOR TRANSLATIONAL RESEARCH

Director: Prof.P. Vijaya Lakshmi

Our Mission Statement

The twin missions of Center for Translational Research is to foster research across different disciplines and link it with outreach activities for innovative interventions and practices to address human problems with emphasis on women and girls’ issues.

The traditional notion of Translational Research (TR) is that it's purely science, bridging the gap between bench science and the clinic. But translational research now is taking new paths across variety of fields, including social science. The TR includes as diverse as life sciences, engineering, social sciences, language and literature, culture and medicine. Further, the Center engages stakeholders at the local, state, national and international level in more effective partnerships with CTR researchers.

The Center strives to be:

- An incubator for translational research projects among diverse scientific disciplines.
- A facilitator to train and tap funding of multidisciplinary collaborative research efforts of faculty.

- A facilitator for involving students in innovative translational research activities.
- A focal point for outreach activities of translational research outcomes.
- A contributor for policy interventions.

Prof K.Anuradha, Dept of Social work, Prof.P.Uma Maheswari Devi, Dept of Microbiology, Prof. R.Usha, Dept of Biotechnology, Prof.Venkata Krishna, Dept of Computer Science and Prof Seetha Kumari, Dept of Law, members of the center are working on the objectives of the Center.

A workshop on Research Proposal Writing and funding opportunities was conducted on October 28th, 2016 to the staff of Mahila University. Prof. Yusuf kalyango, Ph.D DIRECTOR, Institute for International Journalism, E.W. Scripps Sch. of Journalism, Ohio University, USA and Prof.P.Deshmukh, Professor of physics, IIT, Madras acted as resources persons. The university has entered into “Activity Agreement” is entered into EW Scripps School of Journalism for future academic and research collaborations.

The Center has organized a workshop on Science Journalism in Collaboration with Press Club, Tirupati March 3rd &4th 2017to the Journalists and faculty of SPMVV. **A book with a compilation of articles on Science Writing was distributed to the participants. A Newsletter was published with contribution of journalists on science was published at the end of the workshop. Dr Ravi Kumar, Director and Vice Chancellor, SVIMS has delivered a keynote address. The workshop discussed various topics pertinent to Science writing. It includes “Science writing”, “What makes good science writing?”, “Health Communication: Do’s and Don’ts”, “Rural Innovations”, “Wrap-up scientific conferences”, “Wrap-up science news on Internet”, “Writing to different groups”.**

A Five Day workshop on “Transcendental Meditation for enhancing life skills and for professional development” was conducted 30th March to 3rd April, 2017 in collaboration with Maharishi Vedic University Prof. Alison Plaut, Ph.D from Maharishi Vedic University and Margaret Kempner Busch, USA along with their team have extended the training.

Two day workshop on ‘Science Journalism

Transcendental Meditation workshop

Prof. Yusuf Kalyango from EW Scripps School of Journalism, Ohio University conducting workshop on Research Proposal writing

A Brief Report

On 4th January, 2017, Hon'ble Chief Minister of Andhra Pradesh, Sri N.Chandrababu Naidu inaugurated the Children Science Congress in Sri Padmavati Mahila Visvavidyalayam Tirupati with a clarion call to all educationists to launch effective initiatives to kindle scientific temper in the young minds. Inaugurating the event, Sri N.Chandrababu Naidu stressed on the need for innovation for technological development. He cited that small inventions would lead to greater discoveries. He called upon the school children to work hard and enjoy the work. He announced a reward of 100 crores to the first Nobel Laureate who will emerge in the state of Andhra Pradesh. Nobel Prize Winner, Prof.KajitaTakaaki, Director of the Institute for Cosmic Ray Research, University of Tokyo was the eminent scientist present. Sri Y.S.Chowdary, Hon'ble Union Minister for State for Science & Technology delivered his inaugural address urging the school children to develop scientific temper for the overall development of the society and advised the educational institutions to attract the younger generation towards science and technological advancements. He cautioned the children not to be addictive to the mobile technology.

Prof. NarayanaRao, General President of Indian National Science Congress Association (ISCA) said in his presidential address that children science congress is an opportunity for the children to showcase their talent and learn through experience which will help in long way in building a better and successful career. Prof. V. DurgaBhavani, Vice Chancellor welcomed the audience. Around 500 children in the age group of 10-17 years and teachers from across the country have participated. Sri GantaSinivasarao, Hon'ble Minister for HRD, Govt. of Andhra Pradesh was present and addressed the delegates.

Deliberations on 4.1.2017

Key note address:

Name: Prof. TakaakiKajita, Director of the Institute for Cosmic Ray Research, University of Tokyo and Nobel Prize winner in Physics in 2015

Title: Discovery of Neutrino Oscillations

Prof. Takaaki Kajita is a Japanese physicist who has received Nobel Prize in 2015 on neutrino experiments, has delivered a lecture on “**Neutrino Oscillations**”. Neutrinos are the elementary particles discovered in 1965. He mentioned about the important role of India and South Africa in the discovery of Neutrinos. He has discussed about the types of neutrinos, how neutrino oscillations are detected with different types of detectors like Super-Kamiokande and the use of neutrino oscillations for identification of neutrino masses.

Name: Dr. R. Chidambaram, Principal Scientific Adviser to Government of India

Title: The Way to a Knowledge Economy

Dr. R. Chidambaram is the Principal Scientific Adviser to the Government of India. He has extended a lecture on “The Way to a Knowledge Economy”. He said India of our dream should be like a knowledge driven economy to advance and has a high Human Development Index. In his talk he has discussed about PSLV of ISRO, Space input for sustainable development, Uses of nonconventional energy sources, the record done by Rajasthan Atomic Power Station. He has given a brief note on India and international scientific collaborations for knowledge driven economy and future perspectives of nuclear energy.

The Children Science Congress Exhibition has been inaugurated by Prof.V.DurgaBhavani, Vice Chancellor of S.P.MahilaVisvavidyalayam at 2 p.m. in the University campus.

The Children Science Congress brought 50 child scientists under one umbrella that has given them an opportunity to showcase their talents. Around 305 exhibits have been arranged in the stalls for the purpose by the participating children on the vital issues in the streams of science and technology. The children from various Indian schools have participated enthusiastically narrating their innovations and scientific works to visitors. They have come with their projects selected for the mega science summit after passing through several stages of screening to come to this stage. The stalls where the children have put up their models/projects attracted both children and public at large. There were more than 5000 local people who visited the stalls which exhibited their innate talents in the fields of science and technology. It is a celebration of practical science. It is a highly encouraging atmosphere for children to visualize the future of the nation and build scientific temperament.

Deliberations on 5.1.2017

Name: Dr.G.Satheesh Reddy, Scientific Advisor to RakshaMantri and Director General of Missiles and Strategic systems, DRDO

The first plenary session of the second day is addressed by Dr.G.Satheesh Reddy, Scientific Adviser to RakshaMantri and Director General of Missiles and Strategic Systems, Government of India. He said children are the future of India and India is going to be a power house in future in all spheres of scientific innovations. He cited many a time the life sketch of Abdul Kalam who has been emanated from a lower middle class family and elevated himself to become the stalwart ever in Indian Space Technology and for being instrumental in making numerous profound contributions which are everlasting. Under the aegis of Dr. A.P.J. Abdul Kalam, India could successfully produce ballistic missiles and launch space vehicles. He described Abdul Kalam as an institution-builder and a team-builder, a visionary and a dreamer who always wanted to build strong and self-reliant India. As Director-General of DRDO and Scientific Advisor to the Defense Minister, Dr. Kalam played an important role in India's nuclear tests in 1998. Dr.Reddy instilled and set Dr.A.P.J. Kalam to be the inspiration to the young minds to do wonders and advised children to work with sincerity, dedication and hard work.

Name: Prof.V.S.S.Kumar, Vice Chancellor, JNTU, Kakinada

In the second plenary talk Prof.V.S.S.Kumar, Vice Chancellor, JNTU, Kakinada said winning Nobel Prize is going to bring laurels to one's life. He added hard work, sincerity, intelligence require the support of sharpness among children. There are many ways in which

people can be intelligent and are gifted with the ability to learn languages, or they may be very creative and innovative with the use of science. Human beings consider themselves to be the most intelligent creatures on earth. Artificial intelligence is a lot different from natural intelligence and it is associated with machines and robots. Though computers have memory, storage and computing power, they basically don't understand what they are doing. Artificial intelligence has already become a part of our lives with numerous 'smart' gadgets and devices around us. In this new world children have to understand what is technology and invention and attune themselves to become techno savvy. Prof. V. Durga Bhavani, Vice – Chancellor of Sri Padmavati Mahila Visvavidyalayam initiated the second day activities with a precise message to all the children to be as modest and humblest as possible in spite of their growth and victories in. Children are amused by screening short films on Swachh Bharat, My Dad My Hero. The quiz competition was conducted to children in batches. Children got enthralled and excited to visit the exhibition stalls themed on Bioplastics, Biopesticides and Swachh Bharat. Local school children visited the exhibition and captured the treasure of memoirs from the event.
