From the Editorial & Class Representatives Desk

- ❖ Yet another achievement from the Dept. of Computer Science, Sri Padmavati Mahila Visvavidyalayam... A proud moment to look upon. Yes.. the next release of our departmental magazine “**KNOWLEDGE EMPOWERS YOU (KEY)**” to mark the esteem of our students. We look up with joy and pride as this attempt of ours successfully steals the show.
- ❖ We render our special thanks to Prof. D. Jamuna, Vice-Chancellor of Sri Padmavati Mahila Visvavidyalayam, our sincere thanks to Prof. D. Sarada, Rector, devout thanks to Prof. D.M. Mamatha, Registrar, our warm thanks to Prof. R. Nagaraju, Dean, School of Sciences for having permitted our venture. Our heartfelt thanks to beloved **teachers** Prof. T. Sudha, Prof. K. Usha Rani, Prof. P. Venkata Krishna, Dr. P. Bhargavi, Dr. N.V. Muthulakshmi, Ms. P. Vandana Rao, Ms. S. Mamatha & Non-teaching staff of the Department of Computer Science for being a constant source of motivation and encouragement.
- ❖ We appreciate the active participation of our department students who contributed noteworthy articles with a great amount of great energy.
- ❖ We store our appreciation for viewer’s feedback and suggestions on this magazine. Last but not the least we thank the Almighty for making this release possible and for instigating us to produce many more in the future.

SRI PADMAVATI MAHILA VISVAVIDYALAYAM

Sri Padmavati Mahila Visvavidyalayam (University for Women) was founded in the year 1983 by Sri N.T.Rama Rao, then he is the Chief Minister of Andhra Pradesh, with the fervent desire to train women students as better builders of the Nation and to inculcate skills of leadership in all aspects of life. The University was established under the *Sri Padmavati Mahila Visvavidyalayam* Act of 1983, which has come into force on the 14 of April 1983. It was started with ten faculties and 300 students and twenty staff members. Today the University has a student population of 5000+ and an academic staff 350. This year the University is having 60+ courses at the post-graduate and undergraduate level and a good component of research.

The campus of *Sri Padmavati Mahila Visvavidyalayam* is spread out in a lush green area of 138.43 acres. The University is situated at a distance of 3 km from the railway and bus stations of Tirupati. The campus has the necessary buildings to run its academic programmes and administrative machinery. There are separate buildings for Humanities and Sciences, University's Administration, Central Library, University Auditorium, Sericulture Complex, School of Pharmaceutical Sciences, School of Engineering and School of Nursing and also an independent building for Computer Science, Physical Sciences and Business Management.

- Offered educational services, both general and professional, to women of all age groups, especially in Andhra Pradesh, to shape to their lives and careers.
- Facilitated and maintaining excellence in teaching.
- Advance knowledge through research and scholarly activity.

- Attract the most intellectually able staff and students.
- Securing and managing the resources that serve the interest of women through networking and collaboration.
- Disseminate knowledge to benefit and serve Andhra Pradesh, Indian and International Community.

“Sri Padmavati Women's University as the well cut diamond in hand just does not leave good things for people to behold and exclaim”.

On the other hand it explains without tiring all the good thoughts there can be that lead good actions and laudable outcome. Each day the commitment and quantum of quality work at the University increases and achievements are becoming gradually incremental. Thirty eight years of steady rise and still seeking higher scales SPMVV is to live 'forever young' and forever for the young women!

DEPARTMENT OF COMPUTER SCIENCE: A PROFILE

The field of Computer Science has excellent employment potential in the present explosion of technological development. The Department of Computer Science was established in the year 1983 and offering 3 years Master of Computer Applications course since 1987. At present department offers MCA programme following Choice Based Credit System in semester pattern and research programmes: M.Phil. and Ph.D. The department has highly qualified and eminent senior faculty members. The department of Computer Science is with 90 high configured computers having anti-virus in e-class room and computer lab with internet facility and latest equipment & software.

Front view of Department of Computer Science

Induction Programme to 1st Semester Students

Department Computer Lab

Training at postgraduate level in Computer Science offers immense scope for opportunities in software development and information technology. Employment opportunities through campus interviews are provided to the students. The department is providing text books, MCA, M.Phil., Ph.D. dissertations through departmental library. Online journal accessing facility is provided by university library. Active research is being done in the department through M.Phil. and Ph.D. programmes. Number of scholars enrolled at present in the department is 50. Number of Ph.D.s awarded during last 5 years is 40. Currently 3 major research projects of worth more than 60 lakhs are carrying by department. The department has conducted six National conferences, 5 International conferences and the faculty have attended many workshops and presented more than 350 papers at National and International conferences and published number of articles in reputed journals. The department actively involved in research in the areas like Artificial Intelligence, Data Mining, Big data Analytics, Internet of Things, Cloud Computing, Block Chain Technology, Neural Networks, Fuzzy Systems, Genetic Algorithms, Computer Networks, Network Security, Parallel Processing, Image Processing, Pattern Recognition, Bio-Computing, Bio Informatics and GIS, Machine Learning & Data Science.

TABLE OF CONTENTS

| S.No. | Content | Pg.No. |
|-------|---|--------|
| 1. | Staff Academic Achievements | 1-9 |
| 2. | Conferences/Workshops/Webinars Organized | 10-17 |
| 3. | Visiting Professor/Guest Lecture Classes Arranged | 18-21 |
| 4. | Department of Computer Science- Ph.D. Awarded List | 22-24 |
| 5. | Alumni: Stay Connected | 25-27 |
| 6. | Job Placement Details | 28-33 |
| 7. | Extension & Outreach Activities | 34-39 |
| 8. | Student Activities | 40-62 |

Extension & Outreach Activities

NOT FOR ME IT'S FOR US

DISTRIBUTING MASKS AND SANITIZERS BY NSS VOLUNTEERS:

Students of the National Service Scheme has not been deterred by the lockdown, and are doing their bit of responsibility by spreading awareness on COVID-19. The NSS Students expressed their hope that sufficient number of masks would help in “Breaking the Chain” the foremost strategy to fight Covid-19. Apart from distributing masks and sanitizers, the NSS volunteers have been active in various awareness programs apart from this they are helping and creating awareness about “how to overcome the mental tension in this pandemic time(COVID-19)”.

“HELPING HANDS ARE BETTER THAN PRAYING LIPS” INSPIRED FROM THE REAL-LIFE HEROES & SALUTING THEM ON THIS PLATFORM

WORLD WATER DAY (22/03/2021):

Every Year World Water Day, celebrates on 22nd March since 1993, we also celebrated it and increased the awareness of the water on students by our Honorable Vice Chancellor Prof. Duvvuri Jamuna Garu and other professors in our university. Various competitions related to increase awareness on water are organized on the occasion of “World Water Day”.

GEO TAGGING:

Geo Tagging, is the process of adding geographical identification of data to any fixed object... Our NSS Employees said **geo-tagging of trees** is very important and we do not identify each tree without their name in our SPMVV campus. So, our NSS volunteers takes place with the help of our college NSS Employees and participating in the activity.

YOGA ACTIVITIES:

Yoga is not the discipline of Indians, it is the exercise, techniques for overcoming stress. It keeps us both spiritually and physically fit. It is a group of **physical, mental** and **spiritual** practices or disciplines which originated in **ancient India**. He defined **YOGA** as “the cessation of the modification of the mind”. It is one of the NSS activity which is conducted in our university.

Birds Spotted in SPMVV during April to June, 2021

Everything can be understood better by looking deep in to the nature. Our University is fortunate to have Dr. B. Neelima, Professor, Department of Communication & Journalism for her fantastic creative work in capturing Nature's beauty through bird photography. I thank madam for sharing such beautiful pictures with all of us and making us a part of Nature's beauty. Further, we hope that people take time to appreciate these Wonders of Nature found in various parts of SPMVV viz., Engineering college, Technology Business Incubation Center, Biotechnology Department, Sericulture Gardens, Saveri Guest House, Physical Education Grounds, Mulberry Garden, Hostel blocks behind, Administration Block aside etc.

Life Skill Education

GROUP ACTIVITY 1

This is a group activity, which enhances team spirit and leadership qualities. In this session, 10 or more members form a group by holding each other's hands. Now, they have to turn to the other side without releasing their hands. It is possible only with understanding and unity in the group. They all should listen to their leader's words and act accordingly.

Date: 26-02-2021

ICE BREAKING SESSION 1

This activity is also a part of ice breaking session. In this session, numbers are recited except the ones with 5 and its multiples. It also helps the students to increase their memory.

Date: 26-02-2021

<https://youtu.be/wAj2dW3422Y>

ICE BREAKING SESSION 2

This activity is a part of ice breaking session, where student's memory is tested. In this session, a water bottle is placed in between two students and a certain time is recited. The one who takes the water bottle after the time count is over, will be the one with spontaneous memory and the process continues...

Date: 26-02-2021

GROUP ACTIVITY 2

SWEET HOME

Prepared by Vinisha, Sunanda, Sireesha, Vara Lakshmi, Sravani and Rakshitha.

GIFT BOX WITH 8 DANCING GIRLS

Prepared by Sireesha, Lavanya, Sravani, Soumya, Roopa, Sriveni, Sri Lakshmi and Vasantha.

DECORATION ITEM

Prepared by Sahaja, Pravallika, Sarika, Sarvani, Venu Madhuri, Tharunam, Siva Parvathi and Sita Maha Lakshmi

WALL HANGING

Prepared by Vasavi, Vineetha, Sunitha, Swetha, Yasaswini and Sireesha.

DECORATIVE ITEM

Prepared by Sowmya Lalitha, Sumiya, Smily, Sai Priya, Saranya and Vidya.

Date: 26-02-2021

GROUP ACTIVITY 2

This is the group activity named balloon blasting, which students think smartly. In this session students want to keep their balloon until time ends. Who keeps their balloon at the end of the time they are the winners.

GROUP ACTIVITY 3

This is the group activity, which enhanced every student should have an active thinking and listening skills. Here there is 1 activity for each no. they should follow and play the game if any mistake has done then they are quit from the game.

CHAIN CONNECTION

This activity includes two students. In this activity, both the students' hands were cross-tied with a ribbon and they should set themselves free. This creates understanding between them.

CRITICAL THINKING

In Critical Thinking, students should think out of the box. It is the intellectually disciplined process of actively and skillfully. It is generated by observation, experience, reflection, reasoning or communication, as a guide to belief and action

<https://youtu.be/uc4nzgUyMyw>

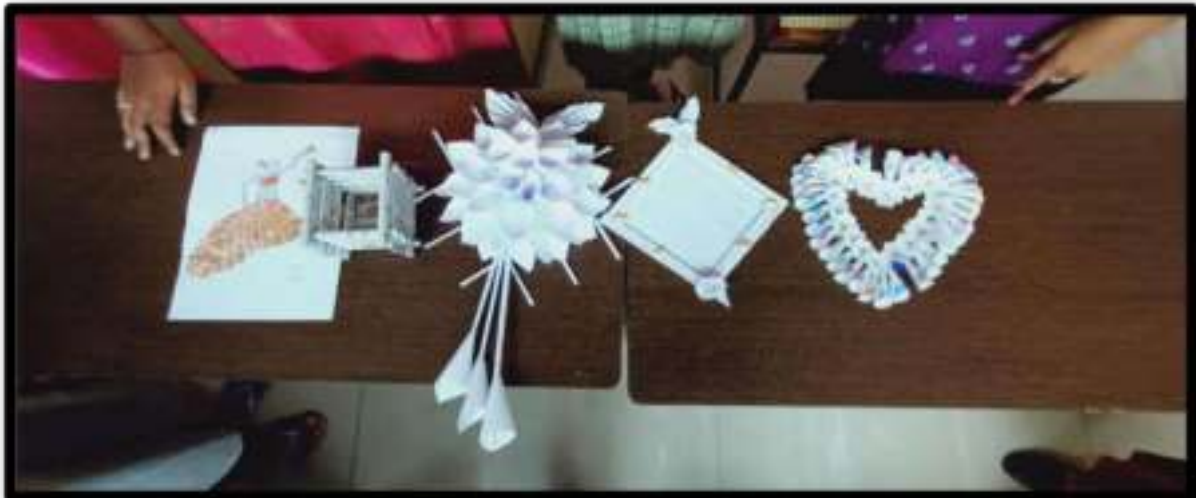

DUMSHAL ARTS

This is a game in which words are represented in pantomime, sometimes syllable by syllable, until they are guessed by the other players. This activity was prepared by N. Bindu.

<https://youtu.be/g9SASxiEVKM>

Purpose of the Student Induction Program is to help new students adjust and feel comfortable in the new environment, inculcate in them the ethos and culture of the institution, help them build bonds with other students and faculty members, and expose them to a sense of larger purpose and self-exploration. The term induction is generally used to describe the whole process whereby the incumbents adjust to or acclimatize to their new roles and environment. In other words, it is a well-planned event to educate the new entrants about the environment in a particular institution, and connect them with the people in it. Student Induction Program engages with the new students as soon as they come into the institution; regular classes start only after that. At the start of the induction, the incumbents learn about the institutional policies, processes, practices, culture and values, and their mentor groups are formed.

ENVIRONMENT POLLUTION

Here they are explain about how environment is polluting now a days. Environment is the surroundings in which we live. But the contamination of our environment by pollutants is environmental pollution. Moreover, the earth cannot restore its balance because of environmental pollution. The human force has created and destroyed life on earth. Human plays a vital role in the degradation of the environment.

VILLAGE Vs. CITY

City life is extremely unhealthy due to air pollution, water pollution, and noise pollution. The people are not getting fresh air to breath or the clear sky to enjoy the sunshine. Also, food in cities is dirty, unhealthy and adulterated. The villages are very much away from such drawbacks. Therefore it is up to the individual to make the most of it irrespective of the rural or urban setting that one lives in.

TO PROTECT FROM CORONA VIRUS:

The Covid'19 pandemic has been a part of our daily lives since march 2020, but with about 115000 new cases a day in the US. It remains as important as ever to stay vigilant and know how to protect yourself from corona virus. According to Centers for Disease Control and Prevention (CDC), "the best way to prevent illness is to avoid being exposed to this virus."
