---

### **Prof. G. Savithri**

**Year of Study:**

1983-84 (P.G.Diploma in sericulture)

1991-1999 (Ph.D in Sericulture)

**Present Position:** Professor

**Address :** Department of Sericulture

Sri PadmavatiMahilaVisvavidyalayam

(Women's University) Tirupati - 517502

I am proud to be the part of this University as alumni and faculty of this University. Our University is a dream project of late Dr.N.T.Rama RaoGaru for the emancipation and empowerment of women by imparting Knowledge. Hence it is our prime duty to fulfil our mission-Emancipation of women through Acquisition of Knowledge and to work 'hard' towards the development of our University to obtain 'A' Grade for our University.

**Prof.K.Nagalakshamma**

**Year of study:**1983-84 (P.G.Diploma in sericulture)

1994-2002 (Ph.D in Sericulture)

**Current Designation:** Professor

**Address:** Dept of Sericulture,  
Sri PadmavatiMahilaVisvavidyalam

(Women's University)Tirupati 517502

I am thankful to Dr.NandamuriTharaka Rama Rao and the first Vice-Chancellor, Prof.Vanajalyengar for awakening my abilities to maintain the equilibrium in my Profession, family and Personal life. It is my fortune to be the alumni and faculty of SPMVV.

---

**Prof. D.M.Mamatha***PhD.,FISEC.,FISCA.,*  
(DBT- Young Scientist & FULBRIGHT Scholar, USA)

**Year of Study:** 1989- 90 (MSc., Sericulture)

**Current Designation:**Professor& Head

**Address:** Dept of Sericulture  
Sri Padmavathi Women's University, Tirupati 517502

Indeed its my great pleasure to be the Alumni and also as Professor in this University. More than my student life this campus, serving this University as faculty member made me more mature, balanced and competent which enabled me to face various challenges in professional life. One such example is achieving the most coveted '**US Fulbright fellowship**'. This International academic exposure facilitated by this University made me successful in obtaining International collaborative projects and International MoU's(USA, Egypt) to my Department and inturn to the University. It helped me to motivate and train my students and scholars making them competent to the current trends. Isincerely acknowledge my University for every opportunity extended. I believe this has fulfilled the dream, mission & vision of our founder late Sri. N. T. Rama Rao, in strengthening Women in all realms.

**Dr.N.VijayaKumari,MSc,PGDS,Ph.D**

**Year of Study:** MSc Sericulture: 1993-95 batch

PhD in Sericulture: 1997-2007

**Current Designation:** Assistant Professor,

**Address:** Department of Sericulture

Sri PadmavatiMahilaVisvavidyalayam,Tirupati

“ I deem it a proud privilege to be the alumni of this esteemed institute of higher learning ,moulding the future of young women. When I joined SPMVV, the only university established exclusively for the cause of women development in the state, I felt highly motivated during my stay for My Masters and Doctoral degree and I had a finest opportunity of broadening the horizon of my thinking and shaping my future dreams. Sky was the only limit for my joy and happiness on the day of receiving my doctoral degree and it was again a greatest honor bestowed on me to join as a faculty of the same university which has made an enthusiastic and confident carrier builder where i have been given full freedom and provided all ambience to be a model teacher to help and shape the career of young minds”.“ I wish this greatest temple of higher learning shall be the model in the country”.

Name: **DR. S. SUGNANA KUMARI**

Year of study: 1993- 95

Course: MSc. Sericulture

Current Position: Scientist DBT-Biocare @ IICT

CSIR-Indian Institute of Chemical Technology

Tarnaka, Hyderabad 500 607, (Telangana) India.

Contact details: Email: [sugnana27@yahoo.com](mailto:sugnana27@yahoo.com)

Mobile: 9441464422 /9989923298

I joined SPMVV as P.G student in sericulture department in the year 1993 and completed my course by 1995. With minimum knowledge about the course I entered the campus. By virtue of the exposure imparted by my professors in the area of sericulture and knowledge gained during my stay at university led to get an opportunity to serve the premier sericulture institute, AP state sericulture and research institute, Hindupur. After that I could be able to pursue my PhD from Osmania university, Hyderabad. My stay during the course inside the university campus was quite homely, highly secured and used to move friendly not only with classmates but also with other faculty students. I am proud to

express a few words about SPMVV.
