Exhibition on Science and Technology Innovations Under PRISM Exhibition at Indian Science congress

“Innovation Equity of Science & Technology”

Venue: Library Conference Room, BITS Pilani, Hyderabad Campus, Hyderabad.

On 27-01-2018

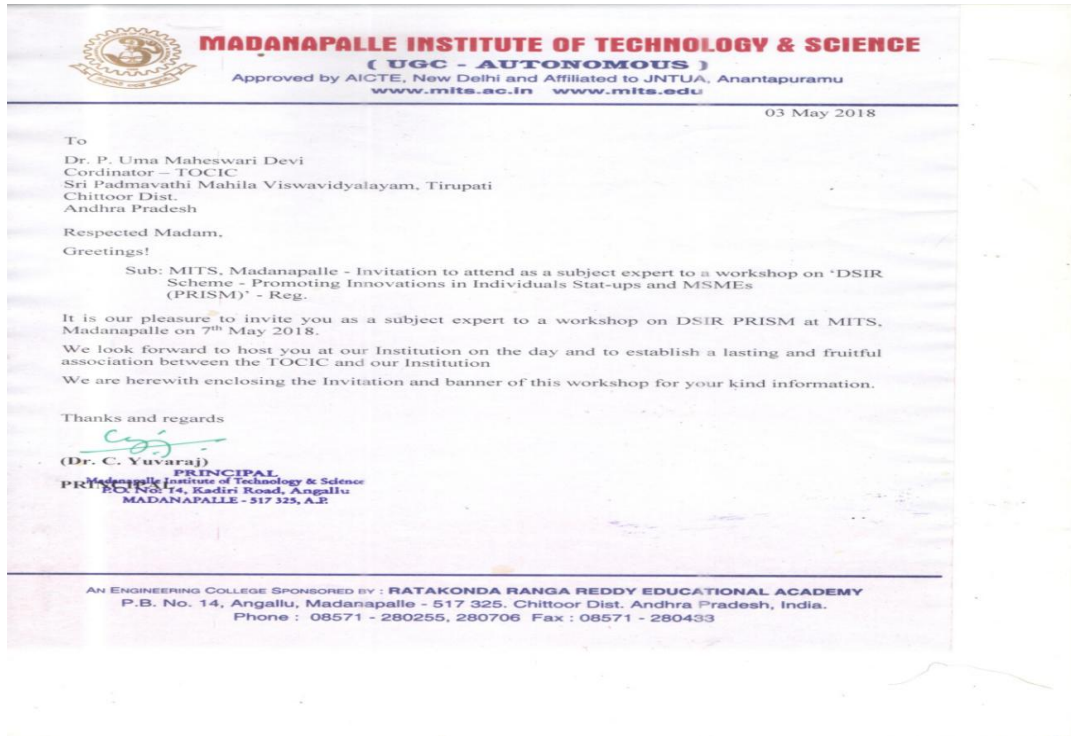

About SPMVV	About the Workshop
<p>Sri Padmavati Mahila Visvaavidyalayam, (Women's university) was established in 1983 to face the social challenges of 21st century for the selfdevelopment and empowerment of women through access to education, particularly higher education in varied disciplines. The mission of the university is to provide quality education of global standards on a strong foundation of Indian values and tradition to women students based on current advances in science technology and societal demands with emphasis on commitment to social progress peace harmony and national integration. The University had been accredited by NAAC with "A" grade in 2010.</p>	<p>Innovation is the process of bringing the best ideas into reality, which triggers a creative idea, which generates a series of innovative events. It is the process that transforms new ideas into new value – turning an idea into value.</p> <p>Innovation can relate to very diverse areas such as products, processes, production methods, services and organization forms. It is beneficial for society as a whole and is the successful development of competitive advantage and as such, it is the key to entrepreneurship. And entrepreneurship is the vehicle that drives creativity and innovation. Innovation the specific function of entrepreneurship intum brings the innovation to the market.</p>
<p>About The TOCIC-SPMVV</p> <p>The Tepp Outreach Cum Cluster Innovation Centre (TOCIC) of SPMVV was established in collaboration with Department of Scientific and Industrial Research (DSIR) to tap the vast and existing innovative potential of the citizens of India. The activities under TOCIC include providing financial support to innovators having original ideas for converting them into working models and prototypes/models/ processes. The centre shall preferably consider the proposals in the focus sectors - Green Technology, Clean Energy, Industrially utilizable Smart Materials, Waste to Wealth, Affordable Healthcare, Water & Sewage Management and any other technology or knowledge intensive area. Under this program, financial assistance ranging from Rs.2Lakhs to 50Lakhs will be sanctioned to the short listed innovative and novel proposals on the basis of expert evaluation.</p>	<p>The workshop will introduce aspirant innovators to the funding mechanism, promoting innovations in individuals, start – ups and MSMEs (PRISM) of DSIR featuring the need for innovation and entrepreneurship. Bright S&T idea (Innovative) competition (10 mins presentation) will be conducted for students, scholars & faculties. The innovators may present their ideas with 5 ppts soft and hard copy on (i) bright idea, (ii) innovation vis-a-vis comparison with National & International status, (iii) work done so far with any patent/paper/IP/etc.(iv) end product with envisaged budget/cost and timeline, if projectile (v) Techno economy/social/commercial impact).</p> <p>Who can Participate</p> <p>Academics, Researchers and Students of Science and Technology are eligible to attend the workshop. The number of participants is limited to 100.</p>

International Symposium

First BioMed Symposium at Tirupati - Summary Report

Biomedical Innovations and Small Business Opportunities

Sri Venkateswara Institute of Medical Sciences (SVIMS), Tirupati

Sugen Life Sciences Pvt Ltd, Tirupati

In association with

DSIR-PRISM, S.P. Mahila Visvavidyalayam, Tirupati

Federation of Asian Biotech Associations (FABA)

Date: January 22-23, 2020

Venue: SVIMS, Tirupati

The two-day symposium on “Biomedical Innovations and Small Business Opportunities” was organized on January 22-23, 2020 at SVIMS, Tirupati. A wide range of Nationally and Internationally reputed faculty members presented their views and indicated what can be the future of initiating technology transforming and incubation activities at SVIMS or Institutions at Tirupati. Four different sessions i.e., (1) Affordable Diagnostics, (2) Small Business Opportunities and Start-ups, (3) Point of Care Medical Devices and (4) Skill Development were held. The first symposium was unique in many aspects as it involved invited talks that included engineers to clinicians, and the topics touched included rural innovations, incubation centers to advanced healthcare solutions involving modern aspects such as Artificial Intelligence (AI) and the future of BioMedical Innovations.

The two-day symposium activities involved theme-based invited talks, panel discussions, a poster session for graduate students and young researchers and oral presentations for best scientific projects. Many enthusiastic Biomedical, Biopharma, Life Sciences students and researchers participated.

Healthcare needs are huge and challenging, says CDSCO official

There is a greater need for innovation in the field of medicine'

SPECIAL CORRESPONDENT
TIRUPATI

With rising population and changing parameters, healthcare needs are huge and challenging, observed S. Eswar Reddy, Joint Drugs Controller, Central Drugs Standard Control Organisation (CDSCO), New Delhi.

Dr. Reddy gave a talk on recent reforms in Indian drug regulations to promote innovation' at the national symposium on 'Biomedical innovations and small business opportunities' organized by Sri Venkateswara Institute of Medical Sciences (SVIMS University), in association with Sugan Life Sciences, Federation of Asian Biotech Associations Hyderabad and DSIR-PRISM of Sri Padmavathi Women's University (SPMVV) here on Wednesday.

He saw a greater need for

Health matters: S. Eswar Reddy, Joint Drugs Controller, Central Drugs Standard Control Organisation, speaking at the symposium in Tirupati on Wednesday.

innovation in the field of medicine, taking a cue from the government's 'Make in India, Innovate in India'.

'Great opportunities'
He invited young researchers to make use of the state-of-the-art Med Tech zone maintained by the State government in Visakhapat-

nam. Dr. Reddy's talk focused on the need for startups and young entrepreneurs from the biopharma and biotech sectors to perceive the great opportunities ahead, in view of the huge gaps ready to be filled in the ecosystem. He explained how CDSCO was planning to take forward the

country's challenges in this space and explained the regulatory guidelines in place for innovation and startup activities.

Indian Institute of Science Education and Research (IISER) Director K.N. Ganesh, who was the guest of honour, said that research held the key to development, especially in the field of medical sciences. SVIMS Director and Vice-Chancellor B. Vengamma suggested to researchers to take up discovery and innovation keeping the common man in view.

"Not many hospitals in Tirupati have better equipment than MRI scanner," she observed. Sugan Life Sciences Chief Executive Officer G. Damodar Reddy, SVIMS endocrinology professor V. Suresh and delegates from international destinations took part in the meet.

Industry support crucial for innovations: SPMVV VC

HANS NEWS SERVICE
TIRUPATI

SRI Padmavati Mahila Visvavidyalayam (SPMVV) organised DSIR PRISM sponsored national workshop on 'PRISM Innovator institution industry technology conclave' on Wednesday. Vice Chancellor Prof D Jamuna, in her address, emphasised the support needed from industrialists for internships, consultancy projects and for commercialisation of innovations.

Dr VR Prakash Rao, Chairman of Prakash foods and feed mills Pvt Ltd, Chennai, stressed upon the innovation skills like creativity, vision, self-confidence, courage to face uncertainty, out of box thinking communication skills required for innovators to convert technology into a successful commercialisation of prototype. He announced a corpus fund of Rs 5 lakhs for the develop-

SPMVV Vice Chancellor Prof D Jamuna along with other dignitaries releasing a book at the workshop held in Tirupati on Wednesday

ment of the university.

Sudhir Hasija, Chairman & Managing Director, United Telcelinks Bangalore Ltd, promised to extend technical training and internship to engineering students of SPMVV. Dr Ramanuj Benerjee, member secretary PRISM, R&D - DSIR Ministry of Science and Technology stated that the researchers need to develop specialised skills of mastering of converting the knowledge into

practical application and universities should develop a networking system to establish a strong entrepreneurship ecosystem on campus.

Dr J Surya Kumar, CEO, TBI, SPMVV, Prof P Uma Maheshwari Devi, Co-ordinator, TOCIC, Prof P Vijaya Lakshmi, Prof R Usha and others also spoke on the occasion. Several industrialists from various places from in and around the country participated in the workshop virtually.
